- Two-time champion **Alexander Zverev** already clinched ATP Year-End No. 1 presented by PIF honours this year and will attempt to become the eighth man to win 3 Nitto ATP Finals championships in tournament history after capturing the title in 2018 in London and in inaugural edition in Turin in 2021. He leads the ATP Tour in match wins this season (65), highlighted by his 1st Grand Slam titles at Roland Garros and US Open.

- Last year's finalist **Carlos Alcaraz** arrives to Turin on a 9-match winning streak after lifting back-to-back titles in Vienna and ATP Masters 1000 Paris. 23-year-old, who earlier this season became the youngest man in history to complete the Career Grand Slam, will attempt to join Orantes in 1976 and Corretja in 1998 as only Spanish champions at this event and become fourth player to win all 4 Grand Slams and Nitto ATP Finals in their career*.
  * Agassi, Federer, Djokovic

- 2020 champion **Daniil Medvedev** returns to Nitto ATP Finals for his seventh appearance after failing to qualify last year (No. 13 in 2025), breaking a streak of 6 consecutive qualifications. 30-year-old leads all players in hard-court wins this season (41), including titles in Brisbane, Dubai, Hangzhou and Almaty. He will aim to break the record for longest gap between 1st and 2nd Nitto ATP Finals titles (J. McEnroe, 5 years - 1978, 1983) after making tournament history by sweeping No. 1 Djokovic, No. 2 Nadal and No. 3 Thiem to win 2020 title.

- There are four debutants at Nitto ATP Finals this season, most since 2021, as No. 5 **Flavio Cobolli**, No. 6 **Arthur Fils**, No. 7 **Frances Tiafoe** and No. 8 **Rafael Jodar** look to become the third debutant to win the title in this century following Dimitrov in 2017 and Tsitsipas in 2019. Jodar, who also qualified in final spot for Next Gen ATP Finals in 2025, joins Tsitsipas as only men to play Next Gen ATP Finals & Nitto ATP Finals in back-to-back years.

- World No. 6 **Flavio Cobolli** is the only home player in the singles field after two-time defending champion Sinner finished his season due to a knee injury. Cobolli is the sixth Italian man to play singles in this event's history after Sinner (4x), Berrettini (2x), A. Panatta (1975), Barazzutti (1978) and Musetti (2025). 24-year-old earned personal-best 36 wins this season, highlighted by Acapulco title and run to his 1st Grand Slam final at Roland Garros.

SEMI-FINAL QUALIFYING PROCEDURE

The final standings of each group shall be determined by the first of the following methods that apply:
a) Greatest number of wins;
b) Greatest number of matches played;
Comment: 2-1 won-loss record beats a 2-0 won-loss record; a 1-2 record beats a 1-0 record.
c) Head-to-head results if only two (2) players are tied,
d) If three (3) players are tied, then:
i) If three (3) players each have one (1) win, a player having played less than all three (3) matches is automatically eliminated and the player advancing to the single elimination competition is the winner of the match-up of the two (2) players tied with 1-2 records; or
ii) Highest percentage of sets won; or
iii) Highest percentage of games won; or
iv) The player positions on the PIF ATP Rankings as of the Monday after the last ATP Tour tournament of the calendar year.
v) If (i), (ii), (iii) or (iv) produce one (1) superior player (first place), or one (1) inferior player (third place), and the two (2) remaining players are tied, the tie between those two (2) players shall be broken by head-to-head record.
Comment 1: 1 player has 3 wins and the other 3 players have 1 win. Of the 3 players with 1 win, 1 player has only played in 2 matches while the other 2 players have played 3 matches. The player who has only played 2 matches is eliminated and then the 2 remaining players revert back to head-to-head results with the winner of their match advancing to the semi-finals.
Comment 2: 1 player has 3 wins and the other 3 players have 1 win and they all have played 3 matches.
The tie-break for % of sets won has 1 player with a better % than the other two. This player advances to the semi-final round.
Comment 3: 3 players have 2 wins and the other player has 0 wins. The player with 0 wins is eliminated. Of the 3 players with 2 wins, they are ordered by their % of sets won. This produces a 1, 2 & 3 order and the players finishing 1 and 2 move to the semifinal round and the player finishing 3 in % of sets won is eliminated. The player with the best % of sets won is the winner of the group.

Comment 4: 3 players have 2 wins and the other player has 0 wins. The player with 0 wins is eliminated. Of the 3 players with 2 wins, 1 player's sets won-loss is 5-2 for 71.43%; the other 2 players both have a 4-3 record in sets for 57.14%. In this case there is 1 superior player (71.43%) and the remaining 2 players are tied; it now reverts to the head to head result of the 2 remaining players with the winning player advancing as group runner-up.
Comment 5: 3 players have 2 wins and the other player has 0 wins. The player with 0 wins is eliminated. Of the 3 players with 2 wins, 2 have set won-loss records of 5-3 (62.5%) while the other player is 4-3 (57.14%). In this case we have 1 inferior player (57.14%) and he is eliminated. The remaining two players both advance to the semi-finals with the winner of their head-to-head match advancing as the group winner.
Comment 6: 3 players have 2 wins and the other player has 0 wins. The player with 0 wins is eliminated. Of the 3 players with 2 wins, all have played 3 matches and all 3 have set won-loss records of 5-4 (55.56%). In this case we move to % of games won. The % of games won breaks down like this: 44-40 for 52.38%, 45-43 for 51.14% and 44-43 for 50.57%. This produces a 1, 2 and 3 order of the group and the number 1 player in % of games won is the group winner while the player finishing 2nd in % of games won advances to the semi-finals as the group runner-up. The player with the 3rd best % of games won is eliminated.
