### C. Failure To Participate in the Nitto ATP Finals

Failure to appear shall result in a penalty of five percent (5%) of total ATP prize money earned during the ATP circuit year.

Please also see 1.07 G. 2) b).

### D. Order of Play

#### Round Robin

- 1) The field shall be divided into two (2) groups of four (4) players each. The top-seeded player shall be placed in Group "A" and the second-seeded player shall be placed in Group "B". Players seeded three (3) and four (4), five (5) and six (6), and seven (7) and eight (8), shall then be drawn in pairs with the first drawn placed into Group "A."
- 2) Each player shall play every other player in his group to determine the top two (2) players in each group.
- 3) The final standings of each group shall be determined by the first of the following methods that apply:
  - a) Greatest number of wins.
  - b) Greatest number of matches played.  
Comment: 2-1 won-loss record beats a 2-0 won-loss record; a 1-2 record beats a 1-0 record.
  - c) Head-to-head results if only two (2) players are tied.
  - d) If three (3) players are tied, then:
    - i) If three (3) players each have one (1) win, a player having played less than all three (3) matches is automatically eliminated and the player advancing to the single elimination competition is the winner of the match-up of the two (2) players tied with 1-2 records; or
    - ii) Highest percentage of sets won; or
    - iii) Highest percentage of games won; a player completing less than all three (3) matches is automatically eliminated and the player advancing to the single elimination competition is the winner of the match-up of the two (2) remaining players; or
    - iv) The player positions on the Pepperstone ATP Rankings as of the Monday after the last ATP Tour tournament of the calendar year.
  - v) If (i), (ii), (iii) or (iv) produce one (1) superior player (first place), or one (1) inferior player (third place), and the two (2) remaining players are tied, the tie between those two (2) players shall be broken by head-to-head record.

**Comment 1:** 1 player has 3 wins and the other 3 players have 1 win. Of the 3 players with 1 win, 1 player has only played in 2 matches while the other 2 players have played 3 matches. The player who has only played 2 matches is eliminated and then the 2 remaining players revert back

## IV. WORLD CHAMPIONSHIPS

to head-to-head results with the winner of their match advancing to the semi-finals.

**Comment 2:** 1 player has 3 wins and the other 3 players have 1 win and they all have played 3 matches. The tie-break for % of sets won has 1 player with a better % than the other two. This player advances to the semi-final round.

**Comment 3:** 3 players have 2 wins and the other player has 0 wins. The player with 0 wins is eliminated. Of the 3 players with 2 wins, they are ordered by their % of sets won. This produces a 1, 2 & 3 order and the players finishing 1 and 2 move to the semi-final round and the player finishing 3 in % of sets won is eliminated. The player with the best % of sets won is the winner of the group.

**Comment 4:** 3 players have 2 wins and the other player has 0 wins. The player with 0 wins is eliminated. Of the 3 players with 2 wins, 1 player's sets won-loss is 5-2 for 71.43%; the other 2 players both have a 4-3 record in sets for 57.14%. In this case there is 1 superior player (71.43%) and the remaining 2 players are tied; it now reverts to the head to head result of the 2 remaining players with the winning player advancing as group runner-up.

**Comment 5:** 3 players have 2 wins and the other player has 0 wins. The player with 0 wins is eliminated. Of the 3 players with 2 wins, 2 have set won-loss records of 5-3 (62.5%) while the other player is 4-3 (57.14%). In this case we have 1 inferior player (57.14%) and he is eliminated. The remaining two players both advance to the semi-finals with the winner of their head-to-head match advancing as the group winner.

**Comment 6:** 3 players have 2 wins and the other player has 0 wins. The player with 0 wins is eliminated. Of the 3 players with 2 wins, all have played 3 matches and all 3 have set won-loss records of 5-4 (55.56%). In this case we move to % of games won. The % of games won breaks down like this: 44-40 for 52.38%, 45-43 for 51.14% and 44-43 for 50.57%. This produces a 1, 2 and 3 order of the group and the number 1 player in % of games won is the group winner while the player finishing 2nd in % of games won advances to the semi-finals as the group runner-up. The player with the 3rd best % of games won is eliminated.

- 4) In applying the tie-breaking procedures, a conduct default or retirement shall count as a straight-set win or loss. However, games won or lost in matches with the defaulting or retiring player shall not be counted in the application of subsection 3.d. (iii) above. A player who retires during the round robin because of illness or injury may continue in the competition if it is approved by the tournament Doctor.

**Comment:** This prevents a scenario where a player knows he only needs to win 1 set to qualify for the semi-finals from retiring once he has won a set.

- 5) Any player who is defaulted pursuant to the ATP Code during the round robin competition shall be defaulted from all other matches in the Championship and ATP default provisions shall apply, except for the following circumstances:
  - a) The loss of physical condition; or
  - b) Dress and Equipment.
- 6) Any player who withdraws from any round robin match after the first round shall not be eligible for the single elimination competition.

## IV. WORLD CHAMPIONSHIPS

### E. Single Elimination Competition

- 1) The winner of each group shall be placed in separate semi-final brackets. The runner-up of each group shall be placed in the semi-final bracket with the winner of the opposite group.
- 2) The event shall be completed with a single elimination competition for the semi-finals and final.

**Comment 1:** 1 team has 3 wins and the other 3 teams have 1 win. Of the 3 teams with 1 win, 1 team has only played in 2 matches while the other 2 teams have played 3 matches. The team who has only played 2 matches is eliminated and then the 2 remaining teams revert back to head-to-head results with the winner of their match advancing to the semi-finals.

#### Group Winners

- a) Number of ties won

  - Comment:** 2-1 win-loss beats 2-0 win-loss. A 1-2 win-loss beats a 1-1 or 1-0 record. A team winning by walkover shall have the tie count in its results as a tie played. The team causing the walkover shall not have the tie counted as a tie played.
- c) Head-to-Head results if only two (2) teams are tied.
- d) In a tie between three (3) teams, the following shall apply:

## IV. WORLD CHAMPIONSHIPS

- ii) The team with the most match wins (singles & doubles), if still tied then,
- iii) The team with the highest percentage of matches won, if still tied then,
- iv) The team that has the highest percentage of sets won, if still tied then,

**Notes:** In all tie-break situations, the following shall apply.

- Unplayed matches shall be scored as completed for purposes of matches played.
- Defaulted and retired singles or doubles matches shall be scored as completed for purposes of matches played and will count as a straight set win or loss. However, games won or lost in matches with defaulting or retiring player shall not be counted for percentage of games won.

- Any team that withdraws from any round robin tie after the first-round robin tie shall not be eligible for the single elimination tournament.
- The Match Tie-Break (doubles) counts as a set won and for games won counts as 1-0

There shall be two (2) groups of four (4) players each with eight (8) seeds to be determined by their position on the most recent Pepperstone ATP Singles Rankings. All matches shall be the best of five (5) tie-break sets. Each set shall be the first to four (4) games with a margin of two (2) with a tie-break played at three (3) games all. Games shall be decided using the No-Ad scoring method. The round robin shall determine the four (4) players for the semi-finals with the format thereafter being a single elimination competition.

### B. Entries

- 2) **Selection List.** The selection list for the event shall be:

play through the completion of the round robin competition and the knock-out competition if eligible.

- 4) **Withdrawal.** Any withdrawal, before the official pre-tournament media conference starts, shall be replaced by the next highest positioned player on the selection list, who shall be qualified as a direct acceptance.
- 5) **Alternate(s).**
  - a) Alternate(s) (who are not a direct acceptance at the time of the official pre-tournament media conference) shall be designated as determined by ATP. The alternate shall replace any player who subsequently withdraws. The alternate must appear at the official pre-tournament media conference and remain available through the start of the last scheduled round robin match. Participation of the Alternate is not mandatory.
  - b) Additional alternates may be selected by ATP to fill the draw, based upon terms satisfactory to ATP. Participation of such additional alternates is not mandatory.
  - c) The alternate(s) is eligible to play in the single elimination competition and to receive prize money if he qualifies.
  - d) If the alternate(s) does not play in the draw, then a fee shall be paid to the alternate(s). If the alternate(s) is inserted for the second or third round robin match, then he shall receive the alternate fee plus any prize money won. ### E. Order of Play

#### Round Robin

- 1) The field shall be divided into two (2) groups of four (4) players each. The top-seeded player shall be placed in Group "A" and the second-seeded player shall be placed in Group "B". Players seeded three (3) and four (4), five (5) and six (6), and seven (7) and eight (8), shall then be drawn in pairs with the first drawn placed into Group "A."
- 2) Each player shall play every other player in his group to determine the top two (2) players in each group.
- 3) The final standings of each group shall be determined by the first of the following methods that apply:
  - a) Greatest number of wins.

## IV. WORLD CHAMPIONSHIPS

- b) Greatest number of matches played.  
**Comment:** 2-1 won-loss record beats a 2-0 won-loss record; a 1-2 record beats a 1-0 record.
- c) Head-to-head results if only two (2) players are tied.
- d) If three (3) players are tied, then:
- i) If three (3) players each have one (1) win, a player having played less than all three (3) matches is automatically eliminated and the player advancing to the single elimination competition is the winner of the match-up of the two (2) players tied with 1-2 records; or
  - ii) Highest percentage of sets won; or
  - iii) Highest percentage of games won; or
  - iv) The player positions on the most recent Pepperstone ATP Rankings.
- v) If (i), (ii), (iii) or (iv) produce one (1) superior player (first place), or one (1) inferior player (third place), and the two (2) remaining players are tied, the tie between those two (2) players shall be broken by head-to-head record.
- Comment 1:** 1 player has 3 wins and the other 3 players have 1 win. Of the 3 players with 1 win, 1 player has only played in 2 matches while the other 2 players have played 3 matches. The player who has only played 2 matches is eliminated and then the 2 remaining players revert to head-to-head results with the winner of their match advancing to the semi-finals.
- Comment 2:** 1 player has 3 wins and the other 3 players have 1 win and they all have played 3 matches. The tie-break for % of sets won has 1 player with a better % than the other two. This player advances to the semi-final round.
- Comment 3:** 3 players have 2 wins and the other player has 0 wins. The player with 0 wins is eliminated. Of the 3 players with 2 wins, they are ordered by their % of sets won. This produces a 1, 2 & 3 order and the players finishing 1 and 2 move to the semi-final round and the player finishing 3 in % of sets won is eliminated. The player with the best % of sets won is the winner of the group.
- Comment 4:** 3 players have 2 wins and the other player has 0 wins. The player with 0 wins is eliminated. Of the 3 players with 2 wins, 1 player's sets won-loss is 5-2 for 71.43%; the other 2 players both have a 4-3 record in sets for 57.14%. In this case there is 1 superior player (71.43%) and the remaining 2 players are tied; it now reverts to the head to head result of the 2 remaining players with the winning player advancing as group runner-up.
- Comment 5:** 3 players have 2 wins and the other player has 0 wins. The player with 0 wins is eliminated. Of the 3 players with 2 wins, 2 have set won-loss records of 5-3 (62.5%) while the other player is 4-3 (57.14%). In this case, we have 1 inferior player (57.14%) and he is eliminated. The remaining two players both advance to the semi-finals with the winner of their head-to-head match advancing as the group winner.
- Comment 6:** 3 players have 2 wins and the other player has 0 wins. The player with 0 wins is eliminated. Of the 3 players with 2 wins, all have played 3 matches and all 3 have set won-loss records of 5-4 (55.56%). In this case, we move to % of games won. The % of games won breaks down like this: 44-40 for 52.38%, 45-43 for 51.14% and 44-43 for 50.57%. This produces a 1, 2 and 3 order of the group and the number 1 player in % of games won is the group winner while the player finishing 2nd in %

## IV. WORLD CHAMPIONSHIPS

of games won advances to the semi-finals as the group runner-up. The player with the 3rd best % of games won is eliminated.

- e) In applying the tie-breaking procedures, a conduct default or retirement shall count as a straight-set win or loss. However, games won or lost in matches with the defaulting or retiring player shall not be counted in the percentage of games won. A player who retires during the round robin because of illness or injury may continue in the competition if it is approved by the tournament Doctor.

**Comment:** This prevents a scenario where a player knows he only needs to win 1 set to qualify for the semi-finals from retiring once he has won a set.

- f) Any player who is defaulted pursuant to the ATP Code during the round robin competition shall be defaulted from all other matches in the Championship and ATP default provisions shall apply, except for the following circumstances:
  - i) The loss of physical condition; or
  - ii) Dress and Equipment.
- g) Any player who withdraws from any round robin match after the first round shall not be eligible for the single elimination competition.

### F. Single Elimination Competition

- 1) The winner of each group shall be placed in separate semi-final brackets. The runner-up of each group shall be placed in the semi-final bracket with the winner of the opposite group.
- 2) The event shall be completed with a single elimination competition for the semi-finals and final.
- 3) There shall be a playoff between the losers of the two semi-final matches for the third and fourth place positions.

### G. Prize Money

Final standings at the end of the tournament shall determine the prize money earned.

### H. Conditions of Play

The conditions of play will be finalized and announced following the 2022 US Open.
