EXHIBIT B - ATP Tour Logo

ATP Tour Trademark and Logo (Terms and Conditions)

In addition to Exhibit A, the following are the terms and conditions for the use of any ATP Tour trademark or logo (collectively referred to herein as the "ATP Logo"). Only ATP Tour tournaments referred to in CIRCUIT REGULATIONS shall be permitted to use the ATP Logo. ATP Challenger Tour tournaments are authorized to use only the ATP Challenger Tour Brand Mark (collectively referred to herein as the "Challenger Tour Brand Mark") (see "EXHIBIT A.15").

- 1) Each tournament acknowledges that ATP has created the ATP Logo and has used the ATP Logo on and in connection with the promotion of the sport of tennis, recreational facilities, tennis videos, sporting goods, clothing, various printed matter, and other officially licensed products and merchandise, and have sought worldwide trademark registration for same and, through the use of the ATP Logo, ATP has developed goodwill associated with the ATP Logo.
- 2) Subject to the terms and conditions set forth herein, ATP hereby authorizes each tournament, by this license, to use the ATP Logo (and the applicable 1,000, 500 or 250 Tournament Stamp) or Challenger Tour Brand Mark, as applicable, in connection with the advertising and promotion of such tournament. This authorization and license shall (i) in the case of each ATP Tour tournament, be subject to such ATP Tour tournament remaining a member in good standing of ATP as well as compliance with the other terms and conditions set forth herein, and (ii) in the case of each ATP sanctioned tournament or event, including ATP Challenger Tour events, be subject to such tournament maintaining its sanction with ATP in good standing as well as compliance with the other terms and conditions set forth herein. Such license will be limited to written advertising and publicity, such use being for the sole purpose of identifying a tournament as an ATP Tour or Challenger Tour tournament and will not extend to any use that exploits the ATP Logo or Challenger Tour Brand Mark in any other fashion or to the use of the ATP Logo or Challenger Logo on merchandising or products of any kind without the express written approval of ATP.
- 3) Use of the ATP Logo or Challenger Logo by a tournament shall be restricted to the advertising and promotion of such tournament. The use of the ATP Logo must be approved in advance by ATP.
- 4) The use of the ATP Logo or Challenger Tour Brand Mark by a tournament does not extend to use on merchandise or resold products without the express written approval of ATP, unless obtained through an official ATP licensee.
- 5) However, the ATP Logo or Challenger Tour Brand Mark may be used by a tournament to produce and sell tournament T-shirts and sweatshirts (not collared shirts) with the ATP Logo or Challenger Tour Brand Mark not to exceed four (4) square inches (26 sq. cm.). Express written approval is required from ATP if a tournament wants to produce these items itself. No approval is required if the T-shirts and sweatshirts are obtained from an approved ATP licensee.
- 6) Each tournament hereby acknowledges that ATP owns all rights, title and interest in and to the ATP Logo (and the applicable 1,000, 500 or 250 Tournament Stamp) and Challenger Logo and each tournament agrees it will do nothing inconsistent with such ownership nor attack ATP's title or interest in and to the ATP

X. EXHIBITS

Logo or Challenger Tour Brand Mark other than the right to use the ATP Logo or Challenger Tour Brand Mark in accordance with this agreement.

- 7) Each tournament agrees that it will not file a trademark application or otherwise attempt to register the ATP Logo (and the applicable 1,000, 500 or 250 Tournament Stamp) or Challenger Tour Brand Mark, or any trademark or logo that may incorporate the ATP Logo or Challenger Tour Brand Mark, for any goods or services whatsoever. Each tournament shall promptly notify ATP of any infringement of the ATP Logo or Challenger Tour Brand Mark or any act of unfair competition by third parties relating to the ATP Logo or Challenger Tour Brand Mark, whenever such infringement or act shall come to the attention of a tournament.
- 8) Each tournament agrees that all goodwill that is or shall become associated with the ATP Logo or Challenger Tour Brand Mark shall be the sole property of ATP.
- 9) Each tournament agrees to use the ATP Logo or Challenger Tour Brand Mark strictly in compliance with and in observance of any and all applicable laws and strictly in accordance with ATP rules and regulations and guidelines and will take whatever steps are reasonably necessary to fully protect ATP's ownership of the ATP Logo and Challenger Tour Brand Mark, including, without limitation, such legends, markings and notices in connection therewith as may be required by ATP.
- 10) Each tournament agrees that such tennis tournament and related services identified in connection with the ATP Logo and Challenger Tour Brand Mark shall be of the highest quality and shall conform to the high standards and reputation of ATP. Each tournament acknowledges that the provisions of this paragraph are of the essence of this authorization and license.
- 11) If a tournament shall fail to perform or observe any term, condition, agreement, or covenant in this "EXHIBIT B - ATP Tour Logo", ATP shall have the right to automatically terminate this authorization and license forthwith.

EXHIBIT C - Broadcast Standards

Broadcast Quality Standards

1) Tape Delay/Repeats

Tournaments may not license to domestic or international broadcasters the right to telecast any portion of any match more than 48 hours after the termination of that match, and not more than (3) times within that 48-hour period, unless written authorization is obtained in advance from ATP. Each repeated telecast during the same day must be scheduled in a different part of the day in the same time zone. In the case of any telecast that is not live, tournaments must ensure that broadcasters provide a continuously visible on-screen legend stating "Tape Delay".

The requirement in the above paragraph shall not apply to telecasts under the following situations.

- a) Less than five (5) minutes of continuous action (including time between points) or less than three (3) minutes of match highlights on any news or highlights program.
- b) If because of rain delay or other unavoidable cessation in play, the scheduled broadcast match is canceled, the 48-hour tape delay restriction will be lifted. Any previously recorded match from the current year's competition or last year's competition can be repeated as "filler" programming.

2) Broadcaster's Responsibilities

Each tournament must incorporate the following terms within their Broadcaster contracts.

- a) Host Broadcaster and all International Broadcasters must graphically identify the broadcast with the ATP's logo at the commencement of each broadcast and during the broadcast no less than once an hour, each occurrence lasting no less than five (5) seconds, so as to make clear that the tournament being played is an official ATP event.
- b) Host Broadcaster must supply ATP, or ATP designee with one international dirty HDCam or DigiBeta of the final match or on a Portable Hard Drive with a USB 3.0 or FireWire 800 port (or a Beta SP if no other option). Recordings must be available to the ATP Senior Vice President - Rules & Competition on-site immediately after signing off the air or sent to an ATP office promptly after the tournament.
- c) With respect to any live match scores or related statistical data provided to broadcaster by ATP, or its designee, or collected by broadcaster, such broadcasters shall agree (i) not to onward supply, sublicense or otherwise make such scores and data available to any third party for use not related to the broadcast, and (ii) to restrict their use of such scores and data to use on a contemporaneous basis within their live broadcast of any match; any other use shall be subject to a delay of at least :30 seconds.
- d) All tournament agreements with Host Broadcasters must comply with, and shall be subject to, all ATP rules as amended from time to time.

3) Technical Requirements

Each tournament must incorporate the following technical terms within their Host Broadcaster contract. These conditions represent the minimum technical standards necessary to produce a quality broadcast.

X. EXHIBITS

Cameras

No less than five (5) cameras must be used on Center court (and no less than three (3) cameras on other courts)) for an acceptable tennis broadcast.

Camera 1: Tripod camera high up in the stands (Center Court line).

Camera 2: Tripod camera approximately three (3) rows lower than Camera 1 (Center Court line). (Example 1)

Cameras 3 and 4: Camera objective lens height approximately 1.00m (see attached charts for camera positions). Used for player close-ups for cutting into coverage and isos.

These cameras may be positioned on the same or opposite side from where the players sit down.

Camera 5: Low angle camera on court behind the baseline usually aligned with sideline (see attached chart, Camera Example 2)

Note: Cameras 1, 2, 3, and 4 need to be on secure tripods with fully rotating camera mounts, and remotely controlled irises.

Lenses

Lenses for Camera 1 should be 18:1. Lenses for Cameras 2, 3, and 4 should be 50:1.

Microphones

- 1) Four (4) corner court microphones must be positioned in the corners of the court and adjacent to Cameras 3 and 4.
- 2) At least one (1) microphone must be placed for purposes of picking up sound from the crowd.
- 3) One (1) microphone must be placed on the umpire's chair.

Center Court Masters 1000 Tournaments: ATP Masters 1000 tournament shall provide a fully cabled site and infrastructure for aerial camera system on center court.

Television Regulation Regarding Same Day Exclusivity

No tournament Class member shall be permitted to telecast or grant any telecaster the right to telecast, in any country in the territory of Europe, all or any portion of any tennis match on the same day as a tennis match from any ATP event that is being telecast in such country by a telecaster to which ATP has granted telecast rights, unless (x) such tournament Class member (i) is obligated to grant such rights pursuant to a binding agreement entered into prior to September 4, 1994, and furnished to the General Counsel of ATP pursuant to the ATP Board's resolution of September 4, 1994, or (ii) has received the written permission of the ATP CEO, or (y) the telecast right granted by the tournament Class member is to a host broadcaster whose television signal is carried only in the country in which that member's tournament is conducted, subject to such reasonable "spillage" into other countries as may be approved by the ATP CEO; provided, however, that the foregoing shall not limit the right of any tournament Class member to permit the telecast of up to three (3) minutes in the aggregate of any match in respect of any local, regional, national or international news or sports news programming.

EXHIBIT D - Attendance Standards

ATP Tour Tournament Attendance Quality Standards

Set forth below for each of the tournament classes are two attendance standard recommendations. In each year of operation, each ATP Tour tournament class member is expected to meet both of these recommendations. A member not meeting the recommended attendance standard three (3) years in a row (excluding extenuating circumstances) must present to the ATP Standards Committee a strategic plan on how they will meet the recommended standard in future years.

1) Recommended Attendance Standards

a) ATP Tour Masters 1000 & ATP Tour 500 tournaments

The recommended total attendance is calculated as follows:

- Start of main draw through Thursday.
 - o 50% of the actual seating capacity* for match courts, as specified in section 1.20, multiplied by the number of sessions.
- Friday through Sunday
 - o 75% of the Center Court capacity* multiplied by the number of sessions.
- The sum of these totals determine the recommended total attendance for the week.

b) ATP Tour 250

The recommended total attendance is calculated as follows:

- Start of main draw through Tuesday.
 - o 25% of the Center Court seating capacity multiplied by the number of sessions.
- Wednesday and Thursday
 - o 50% of the Center Court seating capacity multiplied by the number of sessions.
- Friday through Sunday
 - o 75% of the Center Court capacity multiplied by the number of sessions.
- The sum of these totals determine the recommended total attendance for the week.

- * For events that cover Center Court seats, available seats on that day will be used to determine percentages, however, this number may not be less than the minimum requirement.

2) Minimum Weekend Attendance

The average minimum attendance per session during the final weekend of play is recommended to be in excess of 75% of capacity for the Center Court.

3) Measurement

- a) On a daily basis during the operation of each tournament, each tournament class member shall provide the ATP Supervisor with attendance figures in writing on a per session basis for each session held during the prior day. Such report shall set forth both total spectator attendance and the percentage of capacity. Each tournament class member shall promptly provide the ATP Supervisor or other member of the ATP staff with any backup necessary to verify its spectator attendance figures if such information is requested.

X. EXHIBITS

- b) If the ATP Supervisor has any questions concerning the accuracy of such spectator attendance figures based upon his observation of the event, the ATP Supervisor shall promptly so notify the tournament class member and shall inform the member of what he believes is a more accurate spectator attendance count. In such circumstance, the burden will be on the tournament class member to persuade the ATP Supervisor of the accuracy of its figures. The final report of the ATP Supervisor shall be conclusive.

X. EXHIBITS

EXHIBIT E - Virtual Insertion

Each ATP Tournament must comply with the following in order to use virtual insertion technology in telecasts:

- 1) Each telecast of an ATP Tour tournament using virtually inserted signage must receive the prior approval of ATP.
- 2) The company and methodology used to produce virtually inserted signage must meet quality and technical standards and be pre-approved by ATP.
- 3) Virtually inserted signage may be inserted only in existing signage positions.
- 4) Virtually inserted signage may be altered between points if synchronized with the change of Electronically Inserted Signage if in use.
- 5) Only static logos may be inserted. No moving logos or videos may be inserted.
- 6) Virtually inserted signage must be consistent in color, graphical look and size with the Tournament's other permanent signage.

EXHIBIT G - ATP Challenger Tour Logo (Print & Promotional Materials)

Basic Guidelines:

- 1) The brand mark may not be modified in any way or redrawn. The two fixed elements (the ATP Challenger Tour logo type; the official ATP Challenger Tour logo) may not be separated from each other.
- 2) The ATP Challenger Tour brand mark may only be reproduced in its provided format.
- 3) The ATP Challenger Tour brand mark may not be used on a background that may make it appear indistinct. It shall always appear on an uncluttered background to ensure clarity.
- 4) The ATP Challenger Tour brand mark shall be positioned in its own clear space, standing apart from other images and/or brand marks. In order to achieve this, an area of clear space equal to the width of the stem of the T must always be on all sides of the brand mark.
- 5) The ATP Challenger Tour brand mark may not be positioned like a sponsor. It should be separated from sponsor logos in order to stand out as an endorsement of the quality and authenticity of the tournament.

EXHIBIT H - ATP Challenger Tour Logo (On-Court Version)

ATP Challenger Tour tournaments must only use the on-court version of the logo, shown above, for any signage around the court perimeter.

FOREWORD

The International Tennis Federation (ITF) is the governing body of the game of tennis and its duties and responsibilities include PROTECTING THE INTEGRITY OF THE GAME THROUGH determination of the Rules of Tennis.

To assist the ITF in carrying out this responsibility, the ITF has appointed a Rules of Tennis Committee which continually monitors the game and its rules, and when considered necessary makes recommendations for changes to the Board of Directors of the ITF who in turn make recommendations to the Annual General Meeting of the ITF which is the ultimate authority for making any changes to the Rules of Tennis.

Appendix V lists approved alternative procedures and scoring methods. In addition, on its own behalf or on application by interested parties, certain variations to the rules may be approved by the ITF for trial purposes only at a limited number of tournaments or events and/or for a limited time period. Such variations are not included in the published rules and require a report to the ITF on the conclusion of the approved trial.

Note: If there are any inconsistencies between the English version and Rules of Tennis translated into other languages, the English version shall prevail.

1. THE COURT

The court shall be a rectangle, 78 feet (23.77 m) long and, for singles matches, 27 feet (8.23 m) wide. For doubles matches, the court shall be 36 feet (10.97 m) wide.

The court shall be divided across the middle by a net suspended by a cord or metal cable which shall pass over or be attached to two net posts at a height of 3 ½ feet (1.07 m). The net shall be fully extended so that it completely fills the space between the two net posts and it must be of sufficiently small mesh to ensure that a ball cannot pass through it. The height of the net shall be 3 feet (0.914 m) at the Center, where it shall be held down tightly by a strap. A band shall cover the cord or metal cable and the top of the net. The strap and band shall be completely white.

- The maximum diameter of the cord or metal cable shall be 1/3 inch (0.8 cm).
- The maximum width of the strap shall be 2 inches (5 cm).
- The band shall be between 2 inches (5 cm) and 2 ½ inches (6.35 cm) deep on each side.

For doubles matches, the centers of the net posts shall be 3 feet (0.914 m) outside the doubles court on each side.

For singles matches, if a singles net is used, the centers of the net posts shall be 3 feet (0.914 m) outside the singles court on each side. If a doubles net is used, then the net shall be supported, at a height of 3 ½ feet (1.07 m), by two singles sticks, the centers of which shall be 3 feet (0.914 m) outside the singles court on each side.

- The net posts shall not be more than 6 inches (15 cm) square or 6 inches (15 cm) in diameter.
- The singles sticks shall not be more than 3 inches (7.5 cm) square or 3 inches (7.5 cm) in diameter.
- The net posts and singles sticks shall not be more than 1 inch (2.5 cm) above the top of the net cord.

X. EXHIBITS

The lines at the ends of the court are called baselines and the lines at the sides of the court are called sidelines.

Two lines shall be drawn between the singles sidelines, 21 feet (6.40 m) from each side of the net, parallel with the net. These lines are called the service lines. On each side of the net, the area between the service line and the net shall be divided into two equal parts, the service courts, by the center service line. The center service line shall be drawn parallel with the singles sidelines and half way between them.

Each baseline shall be divided in half by a center mark, 4 inches (10 cm) in length, which shall be drawn inside the court and parallel with the singles sidelines.

- The center service line and center mark shall be 2 inches (5 cm) wide.
- The other lines of the court shall be between 1 inch (2.5 cm) and 2 inches (5 cm) wide, except that the baselines may be up to 4 inches (10 cm) wide.

All court measurements shall be made to the outside of the lines and all lines of the court shall be of the same color clearly contrasting with the color of the surface.

No advertising is allowed on the court, net, strap, band, net posts or singles sticks except as provided in Appendix IV.

In addition to the court described above, the court designated as “Red” and the court designated as “Orange” in Appendix VII can be used for 10 and under tennis competition.

Note: Guidelines for minimum distances between the baseline and backstops and between the sidelines and sidestops can be found in Appendix IX.

2. PERMANENT FIXTURES

The permanent fixtures of the court include the backstops and sidestops, the spectators, the stands and seats for spectators, all other fixtures around and above the court, the Chair Umpire, Line Umpires, net umpire and ball persons when in their recognized positions.

In a singles match played with a doubles net and singles sticks, the net posts and the part of the net outside the singles sticks are permanent fixtures and are not considered as net posts or part of the net.

3. THE BALL

Balls, which are approved for play under the Rules of Tennis, must comply with the specifications in Appendix I.

The International Tennis Federation shall rule on the question of whether any ball or prototype complies with Appendix I or is otherwise approved, or not approved, for play. Such ruling may be taken on its own initiative or upon application by any party with a bona fide interest therein, including any player, equipment manufacturer or National Association or members thereof. Such rulings and applications shall be made in accordance with the applicable Review and Hearing Procedures of the International Tennis Federation (see Appendix X).

X. EXHIBITS

The event organizers must announce in advance of the event:

- a. The number of balls for play (2, 3, 4 or 6).
- b. The ball change policy, if any.

Ball changes, if any, can be made either:

- i) After an agreed odd number of games, in which case, the first ball change in the match shall take place two games earlier than for the rest of the match, to make allowance for the warm-up. A tie-break game counts as one game for the ball change. A ball change shall not take place at the beginning of a tie-break game. In this case, the ball change shall be delayed until the beginning of the second game of the next set; or
- ii. At the beginning of a set

If a ball gets broken during play, the point shall be replayed.

Case 1: *If a ball is soft at the end of a point, should the point be replayed?*

Decision: *If the ball is soft, not broken, the point shall not be replayed.*

Note: Any ball to be used in a tournament which is played under the Rules of Tennis, must be named on the official ITF list of approved balls issued by the International Tennis Federation.

4. THE RACKET

Rackets, which are approved for play under the Rules of Tennis, must comply with the specifications in Appendix II.

The International Tennis Federation shall rule on the question of whether any racket or prototype complies with Appendix II or is otherwise approved, or not approved, for play. Such ruling may be undertaken on its own initiative, or upon application by any party with a bona fide interest therein, including any player, equipment manufacturer or National Association or members thereof. Such rulings and applications shall be made in accordance with the applicable Review and Hearing Procedures of the International Tennis Federation (see Appendix X).

Case 1: *Is more than one set of strings allowed on the hitting surface of a racket?*

Decision: *No. The rule mentions a pattern (not patterns) of crossed strings. (See Appendix II)*

Case 2: *Is the stringing pattern of a racket considered to be generally uniform and flat if the strings are on more than one plane?*

Decision: *No.*

Case 3: *Can vibration damping devices be placed on the strings of a racket? If so, where can they be placed?*

Decision: *Yes, but these devices may only be placed outside the pattern of the crossed strings.*

Case 4: *During a point, a player accidentally breaks the strings. Can the player continue to play another point with this racket?*

Decision: *Yes, except where specifically prohibited by event organizers.*

X. EXHIBITS

Case 5: *Is a player allowed to use more than one racket at any time during play?*

Decision: No.

Case 6: *Can a battery that affects playing characteristics be incorporated into a racket?*

Decision: No. A battery is prohibited because it is an energy source, as are solar cells and other similar devices.

5. SCORE IN A GAME

a. Standard game

A standard game is scored as follows with the server's score being called first:

No point	-	"Love"
First point	-	"15"
Second point	-	"30"
Third point	-	"40"
Fourth point	-	"Game"

except that if each player/team has won three points, the score is "Deuce". After "Deuce", the score is "Advantage" for the player/team who wins the next point. If that same player/team also wins the next point, that player/team wins the "Game"; if the opposing player/team wins the next point, the score is again "Deuce". A player/team needs to win two consecutive points immediately after "Deuce" to win the "Game".

b. Tie-break game

During a tie-break game, points are scored "Zero", "1", "2", "3", etc. The first player/team to win seven points wins the "Game" and "Set", provided there is a margin of two points over the opponent(s). If necessary, the tie-break game shall continue until this margin is achieved.

The player whose turn it is to serve shall serve the first point of the tie-break game. The following two points shall be served by the opponent(s) (in doubles, the player of the opposing team due to serve next). After this, each player/team shall serve alternately for two consecutive points until the end of the tie-break game (in doubles, the rotation of service within each team shall continue in the same order as during that set).

The player/team whose turn it was to serve first in the tie-break game shall be the receiver in the first game of the following set.

Additional approved alternative scoring methods can be found in Appendix V.

6. SCORE IN A SET

There are different methods of scoring in a set. The two main methods are the "Advantage Set" and the "Tie-break Set". Either method may be used provided that the one to be used is announced in advance of the event. If the "Tie-break Set" method is

X. EXHIBITS

to be used, it must also be announced whether the final set will be played as a “Tie-break Set” or an “Advantage Set”.

a. “Advantage Set”

The first player/team to win six games wins that “Set”, provided there is a margin of two games over the opponent(s). If necessary, the set shall continue until this margin is achieved.

b. “Tie-break Set”

The first player/team to win six games wins that “Set”, provided there is a margin of two games over the opponent(s). If the score reaches six games all, a tie-break game shall be played.

Additional approved alternative scoring methods can be found in Appendix V.

7. SCORE IN A MATCH

A match can be played to the best of 3 sets (a player/team needs to win 2 sets to win the match) or to the best of 5 sets (a player/team needs to win 3 sets to win the match).

Additional approved alternative scoring methods can be found in Appendix V.

8. SERVER & RECEIVER

The players/teams shall stand on opposite sides of the net. The server is the player who puts the ball into play for the first point. The receiver is the player who is ready to return the ball served by the server.

Case 1: *Is the receiver allowed to stand outside the lines of the court?*

Decision: *Yes. The receiver may take any position inside or outside the lines on the receiver’s side of the net.*

9. CHOICE OF ENDS & SERVICE

The choice of ends and the choice to be server or receiver in the first game shall be decided by toss before the warm-up starts. The player/team who wins the toss may choose:

- a. To be server or receiver in the first game of the match, in which case the opponent(s) shall choose the end of the court for the first game of the match; or
- b. The end of the court for the first game of the match, in which case the opponent(s) shall choose to be server or receiver for the first game of the match; or
- c. To require the opponent(s) to make one of the above choices.

Case 1: *Do both players/teams have the right to new choices if the warm-up is stopped and the players leave the court?*

Decision: *Yes. The result of the original toss stands, but new choices may be made by both players/teams.*

X. EXHIBITS

10. CHANGE OF ENDS

The players shall change ends at the end of the first, third and every subsequent odd game of each set. The players shall also change ends at the end of each set unless the total number of games in that set is even, in which case the players change ends at the end of the first game of the next set.

During a tie-break game, players shall change ends after every six points.

Additional approved alternative procedures can be found in Appendix V.

11 BALL IN PLAY

Unless a fault or a let is called, the ball is in play from the moment the server hits the ball, and remains in play until the point is decided.

12. BALL TOUCHES A LINE

If a ball touches a line, it is regarded as touching the court bounded by that line.

13. BALL TOUCHES A PERMANENT FIXTURE

If the ball in play touches a permanent fixture after it has hit the correct court, the player who hit the ball wins the point. If the ball in play touches a permanent fixture before it hits the ground, the player who hit the ball loses the point.

14. ORDER OF SERVICE

At the end of each standard game, the receiver shall become the server and the server shall become the receiver for the next game.

In doubles, the team due to serve in the first game of each set shall decide which player shall serve for that game. Similarly, before the second game starts, their opponents shall decide which player shall serve for that game. The partner of the player who served in the first game shall serve in the third game and the partner of the player who served in the second game shall serve in the fourth game. This rotation shall continue until the end of the set.

15. ORDER OF RECEIVING IN DOUBLES

The team which is due to receive in the first game of a set shall decide which player shall receive the first point in the game. Similarly, before the second game starts, their opponents shall decide which player shall receive the first point of that game. The player who was the receiver's partner for the first point of the game shall receive the second point and this rotation shall continue until the end of the game and the set.

After the receiver has returned the ball, either player in a team can hit the ball.

Case 1: *Is one member of a doubles team allowed to play alone against the opponents?*

Decision: No.

X. EXHIBITS

16. THE SERVICE

Immediately before starting the service motion, the server shall stand at rest with both feet behind (i.e. further from the net than) the baseline and within the imaginary extensions of the center mark and the sideline.

The server shall then release the ball by hand in any direction and hit the ball with the racket before the ball hits the ground. The service motion is completed at the moment that the player's racket hits or misses the ball. A player who is able to use only one arm may use the racket for the release of the ball.

17 SERVING

When serving in a standard game, the server shall stand behind alternate halves of the court, starting from the right half of the court in every game.

In a tie-break game, the service shall be served from behind alternate halves of the court, with the first served from the right half of the court.

The service shall pass over the net and hit the service court diagonally opposite, before the receiver returns it.

18. FOOT FAULT

During the service motion, the server shall not:

- a. Change position by walking or running, although slight movements of the feet are permitted; or
- b. Touch the baseline or the court with either foot; or
- c. Touch the area outside the imaginary extension of the sideline with either foot; or
- d. Touch the imaginary extension of the center mark with either foot.

If the server breaks this rule it is a "Foot Fault".

Case 1: *In a singles match, is the server allowed to serve standing behind the part of the baseline between the singles sideline and the doubles sideline?*

Decision: No.

Case 2: *Is the server allowed to have one or both feet off the ground?*

Decision: Yes.

19. SERVICE FAULT

The service is a fault if:

- a. The server breaks rules 16, 17 or 18; or
- b. The server misses the ball when trying to hit it; or
- c. The ball served touches a permanent fixture, singles stick or net post before it hits the ground; or
- d. The ball served touches the server or server's partner, or anything the server or server's partner is wearing or carrying.

X. EXHIBITS

Case 1: After tossing a ball to serve, the server decides not to hit it and catches it instead. Is this a fault?

Decision: No. A player, who tosses the ball and then decides not to hit it, is allowed to catch the ball with the hand or the racket, or to let the ball bounce.

Case 2: During a singles match played on a court with net posts and singles sticks, the ball served hits a singles stick and then hits the correct service court. Is this a fault?

Decision: Yes.

20. SECOND SERVICE

If the first service is a fault, the server shall serve again without delay from behind the same half of the court from which that fault was served, unless the service was from the wrong half.

21. WHEN TO SERVE & RECEIVE

The server shall not serve until the receiver is ready. However, the receiver shall play to the reasonable pace of the server and shall be ready to receive within a reasonable time of the server being ready.

A receiver who attempts to return the service shall be considered as being ready. If it is demonstrated that the receiver is not ready, the service cannot be called a fault.

22. THE LET DURING A SERVICE

The service is a let if:

- a. The ball served touches the net, strap or band, and is otherwise good; or, after touching the net, strap or band, touches the receiver or the receiver's partner or anything they wear or carry before hitting the ground; or
- b. The ball is served when the receiver is not ready.

In the case of a service let, that particular service shall not count, and the server shall serve again, but a service let does not cancel a previous fault.

Additional approved alternative procedures can be found in Appendix V.

23. THE LET

In all cases when a let is called, except when a service let is called on a second service, the whole point shall be replayed.

Case 1: When the ball is in play, another ball rolls onto court. A let is called. The server had previously served a fault. Is the server now entitled to a first service or second service?

Decision: First service. The whole point must be replayed.

24. PLAYER LOSES POINT

The point is lost if:

- a. The player serves two consecutive faults; or

X. EXHIBITS

- b. The player does not return the ball in play before it bounces twice consecutively; or
- c. The player returns the ball in play so that it hits the ground, or before it bounces, an object, outside the correct court; or
- d. The player returns the ball in play so that, before it bounces, it hits a permanent fixture; or
- e. The receiver returns the service before it bounces; or
- f. The player deliberately carries or catches the ball in play on the racket or deliberately touches it with the racket more than once; or
- g. The player or the racket, whether in the player's hand or not, or anything which the player is wearing or carrying touches the net, net posts/singles sticks, cord or metal cable, strap or band, or the opponent's court at any time while the ball is in play; or
- h. The player hits the ball before it has passed the net; or
- i. The ball in play touches the player or anything that the player is wearing or carrying, except the racket; or
- j. The ball in play touches the racket when the player is not holding it; or
- k. The player deliberately and materially changes the shape of the racket when the ball is in play; or
- l. In doubles, both players touch the ball when returning it.

Case 1: *After the server has served a first service, the racket falls out of the server's hand and touches the net before the ball has bounced. Is this a service fault, or does the server lose the point?*

Decision: *The server loses the point because the racket touches the net while the ball is in play.*

Case 2: *After the server has served a first service, the racket falls out of the server's hand and touches the net after the ball has bounced outside the correct service court. Is this a service fault, or does the server lose the point?*

Decision: *This is a service fault because when the racket touched the net the ball was no longer in play.*

Case 3: *In a doubles match, the receiver's partner touches the net before the ball that has been served touches the ground outside the correct service court. What is the correct decision?*

Decision: *The receiving team loses the point because the receiver's partner touched the net while the ball was in play.*

Case 4: *Does a player lose the point if an imaginary line in the extension of the net is crossed before or after hitting the ball?*

Decision: *The player does not lose the point in either case provided the player does not touch the opponent's court.*

Case 5: *Is a player allowed to jump over the net into the opponent's court while the ball is in play?*

Decision: *No. The player loses the point.*

Case 6: *A player throws the racket at the ball in play. Both the racket and the ball land in the court on the opponent's side of the net and the opponent(s) is unable to reach the ball. Which player wins the point?*

Decision: *The player who threw the racket at the ball loses the point.*

X. EXHIBITS

Case 7: A ball that has just been served hits the receiver or in doubles the receiver's partner before it touches the ground. Which player wins the point?

Decision: The server wins the point, unless it is a service let.

Case 8: A player standing outside the court hits the ball or catches it before it bounces and claims the point because the ball was definitely going out of the correct court.

Decision: The player loses the point, unless it is a good return, in which case the point continues.

25. A GOOD RETURN

It is a good return if:

- a. The ball touches the net, net posts/singles sticks, cord or metal cable, strap or band, provided that it passes over any of them and hits the ground within the correct court; except as provided in Rule 2 and 24 (d); or
- b. After the ball in play has hit the ground within the correct court and has spun or been blown back over the net, the player reaches over the net and plays the ball into the correct court, provided that the player does not break Rule 24; or
- c. The ball is returned outside the net posts, either above or below the level of the top of the net, even though it touches the net posts, provided that it hits the ground in the correct court; except as provided in Rules 2 and 24 (d); or
- d. The ball passes under the net cord between the singles stick and the adjacent net post without touching either net, net cord or net post and hits the ground in the correct court; or
- e. The player's racket passes over the net after hitting the ball on the player's own side of the net and the ball hits the ground in the correct court; or
- f. The player hits the ball in play, which hits another ball lying in the correct court.

Case 1: A player returns a ball which then hits a singles stick and hits the ground in the correct court. Is this a good return?

Decision: Yes. However, if the ball is served and hits the singles stick, it is a service fault.

Case 2: A ball in play hits another ball which is lying in the correct court. What is the correct decision?

Decision: Play continues. However, if it is not clear that the actual ball in play has been returned, a let should be called.

26. HINDRANCE

If a player is hindered in playing the point by a deliberate act of the opponent(s), the player shall win the point.

However, the point shall be replayed if a player is hindered in playing the point by either an unintentional act of the opponent(s), or something outside the player's own control (not including a permanent fixture).

Case 1: Is an unintentional double hit a hindrance?

Decision: No. See also Rule 24 (f).

Case 2: A player claims to have stopped play because the player thought that the opponent(s) was being hindered. Is this a hindrance?

X. EXHIBITS

Decision: No, the player loses the point.

Case 3: A ball in play hits a bird flying over the court. Is this a hindrance?

Decision: Yes, the point shall be replayed.

Case 4: During a point, a ball or other object that was lying on the player's side of the net when the point started hinders the player. Is this a hindrance?

Decision: No.

Case 5: In doubles, where are the server's partner and receiver's partner allowed to stand?

Decision: The server's partner and the receiver's partner may take any position on their own side of the net, inside or outside the court. However, if a player is creating a hindrance to the opponent(s), the hindrance rule should be used.

27. CORRECTING ERRORS

As a principle, when an error in respect of the Rules of Tennis is discovered, all points previously played shall stand. Errors so discovered shall be corrected as follows:

- a. During a standard game or a tie-break game, if a player serves from the wrong half of the court, this should be corrected as soon as the error is discovered and the server shall serve from the correct half of the court according to the score. A fault that was served before the error was discovered shall stand.
- b. During a standard game or a tie-break game, if the players are at the wrong ends of the court, the error should be corrected as soon as it is discovered and the server shall serve from the correct end of the court according to the score.
- c. If a player serves out of turn during a standard game, the player who was originally due to serve shall serve as soon as the error is discovered. However, if a game is completed before the error is discovered the order of service shall remain as altered. In this case, any ball change to be made after an agreed number of games should be made one game later than originally scheduled.

A fault that was served by the opponents(s) before the error was discovered shall not stand.

In doubles, if the partners of one team serve out of turn, a fault that was served before the error was discovered shall stand.
- d. If a player serves out of turn during a tie-break game and the error is discovered after an even number of points have been played, the error is corrected immediately. If the error is discovered after an odd number of points have been played, the order of service shall remain as altered.

A fault that was served by the opponent(s) before the error was discovered shall not stand.

In doubles, if the partners of one team serve out of turn, a fault that was served before the error was discovered shall stand.
- e. During a standard game or a tie-break game in doubles, if there is an error in the order of receiving, this shall remain as altered until the end of the game in which the error is discovered. For the next game in which they are the receivers in that set, the partners shall then resume the original order of receiving.

X. EXHIBITS

- f. If in error a tie-break game is started at 6 games all, when it was previously agreed that the set would be an “Advantage set”, the error shall be corrected immediately if only one point has been played. If the error is discovered after the second point is in play, the set will continue as a “Tie-break set”.
- g. If in error a standard game is started at 6 games all, when it was previously agreed that the set would be a “Tie-break set”, the error shall be corrected immediately if only one point has been played. If the error is discovered after the second point is in play, the set will continue as an “Advantage set” until the score reaches 8 games all (or a higher even number), when a tie-break game shall be played.
- h. If in error an “Advantage set” or “Tie-break set” is started, when it was previously agreed that the final set would be a match tie-break, the error shall be corrected immediately if only one point has been played. If the error is discovered after the second point is in play, the set will continue either until a player or team wins three games (and therefore the set) or until the score reaches 2 games all, when a match tie-break shall be played. However, if the error is discovered after the second point of the fifth game has started, the set will continue as a “Tie-break set”. (See Appendix V)
- i. If the balls are not changed in the correct sequence, the error shall be corrected when the player/team who should have served with new balls is next due to serve a new game. Thereafter the balls shall be changed so that the number of games between ball changes shall be that originally agreed. Balls should not be changed during a game.

28. ROLE OF COURT OFFICIALS

For matches where officials are appointed, their roles and responsibilities can be found in Appendix VI.

29. CONTINUOUS PLAY

As a principle, play should be continuous, from the time the match starts (when the first service of the match is put in play) until the match finishes.

- a. Between points, a maximum of twenty-five (25) seconds is allowed. When the players change ends at the end of a game, a maximum of ninety (90) seconds are allowed. However, after the first game of each set and during a tie-break game, play shall be continuous and the players shall change ends without a rest.
At the end of each set there shall be a set break of a maximum of one hundred and twenty (120) seconds.
The maximum time starts from the moment that one point finishes until the first service is struck for the next point.
Event organizers may apply for ITF approval to extend the ninety (90) seconds allowed when the players change ends at the end of a game and the one hundred and twenty (120) seconds allowed at a set break.
- b. If, for reasons outside the player’s control, clothing, footwear or necessary equipment (excluding the racket) is broken or needs to be replaced, the player may be allowed reasonable extra time to rectify the problem.
- c. No extra time shall be given to allow a player to recover condition. However, a player suffering from a treatable medical condition may be allowed one medical time-out of three minutes for the treatment of that medical condition.

X. EXHIBITS

A limited number of toilet/change of attire breaks may also be allowed, if this is announced in advance of the event.

- d. Event organizers may allow a rest period of a maximum of ten (10) minutes if this is announced in advance of the event. This rest period can be taken after the 3rd set in a best of 5 sets match, or after the 2nd set in a best of 3 sets match.
- e. The warm-up time shall be a maximum of five (5) minutes, unless otherwise decided by the event organizers.

30. COACHING

Coaching is considered to be communication, advice or instruction of any kind and by any means to a player.

In team events where there is a team captain sitting on-court, the team captain may coach the player(s) during a set break and when the players change ends at the end of a game, but not when the players change ends after the first game of each set and not during a tie-break game.

In all other matches, coaching is not allowed.

Case 1: *Is a player allowed to be coached, if the coaching is given by signals in a discreet way?*

Decision: No.

Case 2: *Is a player allowed to receive coaching when play is suspended?*

Decision: Yes.

Case 3: *Is a player allowed to receive on-court coaching during a match?*

Decision: *Sanctioning bodies may apply to the ITF to have on-court coaching allowed. In events where on-court coaching is allowed, designated coaches may enter the court and coach their players under procedures decided by the sanctioning body.*

31. PLAYER ANALYSIS TECHNOLOGY

Player analysis technology, that is approved for play under the Rules of Tennis, must comply with the specifications in Appendix III.

The International Tennis Federation shall rule on the question of whether any such equipment is approved, or not approved. Such ruling may be taken on its own initiative, or upon application by any party with a bona fide interest therein, including any player, equipment manufacturer or National Association or members thereof. Such rulings and applications shall be made in accordance with the applicable Review and Hearing Procedures of the International Tennis Federation (see Appendix X).

RULES OF WHEELCHAIR TENNIS

The game of wheelchair tennis follows the ITF Rules of Tennis with the following exceptions.

a. The Two Bounce Rule

The wheelchair tennis player is allowed two bounces of the ball. The player must return the ball before it hits the ground a third time. The second bounce can be either in or out of the court boundaries.

X. EXHIBITS

b. The Wheelchair

The wheelchair is considered part of the body and all applicable rules, which apply to a player's body, shall apply to the wheelchair.

c. The Service

The service shall be delivered in the following manner.

- i. Immediately before commencing the service, the server shall be in a stationary position. The server shall then be allowed one push before striking the ball.
- ii. The server shall throughout the delivery of the service not touch with any wheel, any area other than that behind the baseline within the imaginary extension of the center mark and sideline.
- iii. If conventional methods for the service are physically impossible for a quadriplegic player, then the player or an individual may drop the ball for such a player. However, the same method of serving must be used each time.

d. Player Loses Point

A player loses a point if:

- i. The player fails to return the ball before it has touched the ground three times; or
- ii. Subject to rule f) below the player uses any part of their feet or lower extremities as brakes or as stabilizers while delivering service, stroking a ball, turning or stopping against the ground or against any wheel while the ball is in play; or
- iii. The player fails to keep one buttock in contact with their wheelchair seat when contacting the ball.

e. The Wheelchair

Wheelchairs used in all competitions played under the Rules of Wheelchair Tennis must comply with the following specifications:

- i. The wheelchair may be constructed of any material provided that such material is non-reflective and does not constitute a hindrance to the opponent.
- ii. Wheels may have a single pushrim only. No changes to the wheelchair that afford the player a mechanical advantage are permitted, such as levers or gears. During normal play, wheels shall not leave permanent marks on, or otherwise damage, the court surface.
- iii. Subject to Rule e(v), players shall use only the wheels (including pushrims) to propel the wheelchair. No steering, braking or gearing or other device that may assist operation of the wheelchair, including energy storage systems, is permitted.
- iv. The height of the seat (including cushion) shall be fixed and players' buttocks shall remain in contact with the seat during the playing of a point. Strapping may be used to secure the player to the wheelchair.
- v. Players who meet the requirements of Article 10 of the ITF Wheelchair Tennis Classification Rules may use a wheelchair powered by electric motor(s) (a "powered wheelchair"). Powered wheelchairs must not be able to exceed 15 km/h in any direction and shall be controlled by the player only.
- vi. Applications may be made for modifications to the wheelchair for legitimate medical reasons. All such applications shall be submitted to the ITF Sport Science & Medicine Commission for approval a minimum of 60 days prior to intended use in an ITF-sanctioned event.

X. EXHIBITS

A decision to reject a proposed modification may be appealed under Appendix III of the ITF Wheelchair Tennis Regulations.

f. Propelling the Chair with the Foot

- i. If due to lack of capacity a player is unable to propel the wheelchair via the wheel then they may propel the wheelchair using one foot.
- ii. Even if in accordance with rule e) i. above a player is permitted to propel the chair using one foot, no part of the player's foot may be in contact with the ground:
 - a) during the forward motion of the swing, including when the racket strikes the ball;
 - b) from the initiation of the service motion until the racket strikes the ball.
- iii. A player in breach of this rule shall lose the point.

f. Wheelchair/Able-bodied Tennis

Where a wheelchair tennis player is playing with or against an able-bodied person in singles or doubles, the Rules of Wheelchair Tennis shall apply for the wheelchair player while the Rules of Tennis for able-bodied tennis shall apply for the able-bodied player. In this instance, the wheelchair player is allowed two bounces while the able-bodied player is allowed only one bounce.

Note: The definition of lower extremities is: the lower limbs, including the buttocks, hips, thighs, legs, ankles and feet.

AMENDMENT TO THE RULES OF TENNIS

(Article 28 of the Constitution of ITF Ltd)

The official and decisive text to the Rules of Tennis shall be for ever in the English language and no alteration or interpretation of such Rules shall be made except at an Annual General Meeting of the Council, nor unless notice of the Resolution embodying such alterations shall have been received by the ITF in accordance with Article 17 and such Resolution or one having the like effect shall be carried by a majority of two-thirds of the votes recorded in respect of the same.

Any alteration so made shall take effect as from the first day of January following unless the Meeting shall by the like majority decide otherwise.

The Board of Directors shall have power, however, to settle all urgent questions of interpretation subject to confirmation at the General Meeting next following.

This text shall not be altered at any time without the unanimous consent of a General Meeting of the Council.

CLASSIFICATION OF COURT PACE

The ITF test method used for determining the pace of a court surface is ITF CS 01/02 (ITF Court Pace Rating) as described in the ITF publication entitled "ITF guide to test methods for tennis court surfaces".

Court surfaces which have an ITF Court Pace Rating of 0 to 29 shall be classified as being Category 1 (slow pace). Examples of court surface types which conform to this classification will include most clay courts and other types of unbound mineral surface.

Court surfaces which have an ITF Court Pace Rating of 30 to 34 shall be classified as being Category 2 (medium-slow pace), while court surfaces with an ITF Court Pace Rating of 35 to 39 shall be classified as being Category 3 (medium pace). Examples of court surface types which conform to this classification will include most acrylic coated surfaces plus some carpet surfaces.

Court surfaces with an ITF Court Pace Rating of 40 to 44 shall be classified as being Category 4 (medium-fast pace), while court surfaces which have an ITF Court Pace Rating of 45 or more shall be classified as being Category 5 (fast pace). Examples of court surface types which conform to this classification will include most natural grass, artificial grass and some carpet surfaces.

Case 1: Which ball type should be used on which court surface?

X. EXHIBITS

Decision: 3 different types of balls are approved for play under the Rules of Tennis, however:

- a. Ball Type 1 (fast speed) is intended for play on slow pace court surfaces
- b. Ball Type 2 (medium speed) is intended for play on medium-slow, medium and medium-fast pace court surfaces
- c. Ball Type 3 (slow speed) is intended for play on fast pace court surfaces

Note: In addition to the ball types specified under paragraph (b) above, the Stage 1 (Green) ball may be used for all levels of competitive play except for world ranking professional tennis events, Davis Cup and Billie Jean King Cup, the Olympic and Paralympic Tennis Events, World Tennis Tour Men's, Women's and Junior Tournaments and Team events sanctioned by the ITF and affiliated Regional Associations, ITF Senior Circuit and Team events and ITF Wheelchair Tennis Tour Circuit and Team events.

Each National Association shall have the right to decide which national competitive events should use the stage 1 (green) ball.

APPENDIX II

THE RACKET

For all measurements in Appendix II, SI units shall take precedence

- a. The racket shall consist of a frame and string(s). The frame shall consist of a handle and head, and may also include a throat. The head is defined as that part of the racket to which the string(s) connect. The handle is defined as that part of the racket connected to the head which is held by the player in normal use. The throat, where present, is that part of the racket that joins the handle to the head.
- b. The hitting surface, defined as the main area of the stringing pattern bordered by the points of entry of the strings into the head or points of contact of the strings with the head, whichever is the smaller, shall be flat and consist of a pattern of crossed strings, which shall be alternately interlaced or bonded where they cross. The stringing pattern must be generally uniform and, in particular, not less dense in the center than in any other area. The racket shall be designed and strung such that the playing characteristics are identical on both faces.
- c. The racket shall not exceed 73.7 cm (29.0 inches) in overall length, and 31.7 cm (12.5 inches) in overall width. The hitting surface shall not exceed 39.4 cm (15.5 inches) in overall length, when measured parallel to the longitudinal axis of the handle, and 29.2 cm (11.5 inches) in overall width, when measured perpendicular to the longitudinal axis of the handle.
- d. The racket shall be free of any attached object, protrusion or device which makes it possible to change materially the shape of the racket, or its moment of inertia about any principal axis, or to change any physical property which may affect the performance of the racket during the playing of a point. Attached objects, protrusions and devices that are approved as Player Analysis Technology, or that

X. EXHIBITS

are utilised to limit or prevent wear and tear or vibration or, for the frame only, to distribute weight, are permitted. All permissible objects, protrusions and devices must be reasonable in size and placement for their respective purpose(s).

No energy source that in any way could change or affect the playing characteristics of a racket may be built into or attached to a racket.

APPENDIX III

PLAYER ANALYSIS TECHNOLOGY

Player Analysis Technology is equipment that may perform any of the following functions with respect to player performance information:

- A.** Recording
- B.** Storing
- C.** Transmission
- D.** Analysis
- E.** Communication to a player of any kind and by any means

Player Analysis Technology may record and/or store information during a match. Such information may only be accessed by a player in accordance with Rule 30.

APPENDIX IV

ADVERTISING

- 1.** Advertising is permitted on the net as long as it is placed on the part of the net that is within 3 feet (0.914 m) from the center of the net posts and is produced in such a way that it does not interfere with the vision of the players or the playing conditions.

A mark (non-commercial) of the sanctioning body is permitted on the lower part of the net, minimum 20 inches (0.51 m) from the top of the net, as long as it is produced in such a way that it does not interfere with the vision of the players or the playing conditions.
- 2.** Advertising and other marks or material placed at the back and sides of the court shall be permitted unless it interferes with the vision of the players or the playing conditions.
- 3.** Advertising and other marks or material placed on the court surface outside the lines is permitted unless it interferes with the vision of the players or the playing conditions.
- 4.** Notwithstanding paragraphs (1), (2) and (3) above, any advertising, marks or material placed on the net or placed at the back and sides of the court, or on the court surface outside the lines may not contain white or yellow or other light colors that may interfere with the vision of the players or the playing conditions.

5. Advertising and other marks or material are not permitted on the court surface inside the lines of the court.

APPENDIX V

ALTERNATIVE PROCEDURES AND SCORING METHODS

SCORE IN A GAME (Rule 5):

This alternatives listed in this Appendix V may be used.

"No-Ad" SCORING METHOD

A "No-Ad" game is scored as follows with the server's score being called first:

No point	-	"Love"
First point	-	"15"
Second point	-	"30"
Third point	-	"40"
Fourth point	-	"Game"

If both players/teams have won three points each, the score is "Deuce" and a deciding point shall be played. The receiver(s) shall choose whether to receive the service from the right half or the left half of the court. In doubles, the players of the receiving team cannot change positions to receive this deciding point. The player/team who wins the deciding point wins the "Game".

In mixed doubles, the player of the same gender as the server shall receive the deciding point. The players of the receiving team cannot change positions to receive the deciding point.

SCORE IN A SET (Rules 6 and 7):

1. SHORT SETS

The first player/team who wins four games wins that set, provided there is a margin of two games over the opponent(s). If the score reaches four games all, a tie-break game shall be played. Alternatively (at the discretion of the sanctioning body), if the score reaches three games all, a tie-break game shall be played.

2. SHORT SET TIE-BREAK

When playing Short Sets only, a Short Set tie-break may be used. The first player/team to win five points wins the "Game" and "Set", with a deciding point if the score reaches four all. The order and number of serves shall be determined by the sanctioning body. Players/Teams will only change ends after the first four points have been played.

3. MATCH TIE-BREAK (7 POINTS)

When the score in a match is one set all, or two sets all in best of five sets matches, one tie-break game shall be played to decide the match. This tie-break game replaces the deciding final set.

X. EXHIBITS

The player/team who first wins seven points shall win this match tie-break and the match provided there is a margin of two points over the opponent(s).

4. MATCH TIE-BREAK (10 POINTS)

When the score in a match is one set all, or two sets all in best of five sets matches, one tie-break game shall be played to decide the match. This tie-break game replaces the deciding final set.

The player/team who first wins ten points shall win this match tie-break and the match provided there is a margin of two points over the opponent(s).

Note: When using the match tie-break to replace the final set:

- the original order of service continues. (Rules 5 and 14)
- in doubles, the order of serving and receiving within the team may be altered, as in the beginning of each set. (Rules 14 and 15)
- before the start of the match tie-break there shall be a 120 seconds set break.
- balls should not be changed before the start of the match tie-break even if a ball change is due.

CHANGE OF ENDS (Rule 10):

During a tie-break game, players shall change ends after the first point and thereafter after every four points.

THE LET DURING A SERVICE (Rule 22):

“NO LET” RULE

This alternative is play without the service let in Rule 22.

Whereby a serve that touches the net, strap or band is in play.

At the discretion of the sanctioning body, when playing doubles using Short Sets in combination with No-Ad scoring and the No-Let rule, either player on the receiving team is permitted to return a serve that touches the net, strap or band and lands within the correct service box.

APPENDIX VI

ROLE OF COURT OFFICIALS

The Referee is the final authority on all questions of tennis law and the Referee's decision is final.

In matches where a Chair Umpire is assigned, the Chair Umpire is the final authority on all questions of fact during the match.

The players have the right to call the Referee to court if they disagree with a Chair Umpire's interpretation of tennis law.

In matches where Line Umpires and net umpires are assigned, they make all calls (including foot-fault calls) relating to that line or net. The Chair Umpire has the right to overrule a Line Umpire or a net umpire if the Chair Umpire is sure that a clear mistake

X. EXHIBITS

has been made. The Chair Umpire is responsible for calling any line (including foot-faults) or net where no Line Umpire or net umpire is assigned.

A Line Umpire who cannot make a call shall signal this immediately to the Chair Umpire who shall make a decision. If the Line Umpire can not make a call, or if there is no Line Umpire, and the Chair Umpire can not make a decision on a question of fact, the point shall be replayed.

In team events where the Referee is sitting on-court, the Referee is also the final authority on questions of fact.

Play may be stopped or suspended at any time the Chair Umpire decides it is necessary or appropriate.

The Referee may also stop or suspend play in the case of darkness, weather or adverse court conditions. When play is suspended for darkness, this should be done at the end of a set, or after an even number of games have been played in the set in progress. After a suspension in play, the score and position of players on-court in the match shall stand when the match resumes.

The Chair Umpire or Referee shall make decisions regarding continuous play and coaching in respect of any Code of Conduct that is approved and in operation.

Case 1: *The Chair Umpire awards the server a first service after an overrule, but the receiver argues that it should be a second service, since the server had already served a fault. Should the Referee be called to court to give a decision?*

Decision: Yes. *The Chair Umpire makes the first decision about questions of tennis law (issues relating to the application of specific facts). However, if a player appeals the Chair Umpire's decision, then the Referee shall be called to make the final decision.*

Case 2: *A ball is called out, but a player claims that the ball was good. May the Referee be called to court to make a decision?*

Decision: No. *The Chair Umpire makes the final decision on questions of fact (issues relating to what actually happened during a specific incident).*

Case 3: *Is a Chair Umpire allowed to overrule a Line Umpire at the end of a point if, in the Chair Umpire's opinion, a clear mistake was made earlier in the point?*

Decision: No. *A Chair Umpire may only overrule a Line Umpire immediately after the clear mistake has been made.*

Case 4: *A Line Umpire calls a ball "Out" and then the player argues that the ball was good. Is the Chair Umpire allowed to overrule the Line Umpire?*

Decision: No. *A Chair Umpire must never overrule as the result of the protest or appeal by a player*

Case 5: *A Line Umpire calls a ball "Out". The Chair Umpire was unable to see clearly, but thought the ball was in. May the Chair Umpire overrule the Line Umpire?*

Decision: No. *The Chair Umpire may only overrule when sure that the Line Umpire made a clear mistake.*

X. EXHIBITS

Case 6: *Is a Line Umpire allowed to change the call after the Chair Umpire has announced the score?*

Decision: *Yes. If a Line Umpire realizes a mistake, a correction should be made as soon as possible provided it is not as the result of a protest or appeal of a player.*

Case 7: *If a Chair Umpire or Line Umpire calls "out" and then corrects the call to good, what is the correct decision?*

Decision: *The Chair Umpire must decide if the original "out" call was a hindrance to either player. If it was a hindrance, the point shall be replayed. If it was not a hindrance, the player who hit the ball wins the point.*

Case 8: *A ball is blown back over the net and the player correctly reaches over the net to try to play the ball. The opponent(s) hinders the player from doing this. What is the correct decision?*

Decision: *The Chair Umpire must decide if the hindrance was deliberate or unintentional and either awards the point to the hindered player or order the point to be replayed.*

BALL MARK INSPECTION PROCEDURES

1. Ball mark inspections can only be made on clay courts.
2. A ball mark inspection requested by a player (team) shall be allowed only if the Chair Umpire cannot determine the call with certainty from their chair on either a point-ending shot or when a player (team) stops playing the point during a rally (returns are permitted but then the player must immediately stop).
3. When the Chair Umpire has decided to make a ball mark inspection, they should go down from the chair and make the inspection themselves. If they do not know where the mark is, they can ask the Line Umpire for help in locating the mark, but then the Chair Umpire shall inspect it.
4. The original call or overrule will always stand if the Line Umpire and Chair Umpire cannot determine the location of the mark or if the mark is unreadable.
5. Once the Chair Umpire has identified and ruled on a ball mark, this decision is final and not appealable.
6. In clay court tennis the Chair Umpire should not be too quick to announce the score unless absolutely certain of the call. If in doubt, wait before calling the score to determine whether a ball mark inspection is necessary.
7. In doubles the appealing player must make their appeal in such a way that either play stops or the Chair Umpire stops play. If an appeal is made to the Chair Umpire then they must first determine that the correct appeal procedure was followed. If it was not correct or if it was late, then the Chair Umpire may determine that the opposing team was deliberately hindered.
8. If a player erases the ball mark before the Chair Umpire has made a final decision, they concedes the call.
9. A player may not cross the net to check a ball mark without being subject to the Unsportsmanlike provision of the Code of Conduct.

ELECTRONIC REVIEW PROCEDURES

At tournaments where an Electronic Review System is used, the following procedures should be followed for matches on courts where it is used.

1. A request for an Electronic Review of a line call or overrule by a player (team) shall be allowed only on either a point-ending shot or when a player (team) stops playing the point during a rally (returns are permitted but then the player must immediately stop).
2. The Chair Umpire should decide to use the Electronic Review when there is doubt about the accuracy of the line call or overrule. However, the Chair Umpire may refuse the Electronic Review if they believe that the player is making an unreasonable request or that it was not made in a timely manner.
3. In doubles the appealing player must make their appeal in such a way that either play stops or the Chair Umpire stops play. If an appeal is made to the Chair Umpire then they must first determine that the correct appeal procedure was followed. If it was not correct or if it was late, then the Chair Umpire may determine that the opposing team was deliberately hindered, in which case the appealing team loses the point.
4. The original call or overrule will always stand if the Electronic Review is unable, for whatever reason, to make a decision on that line call or overrule.
5. The Chair Umpire's final decision will be the outcome of the Electronic Review and is not appealable. If a manual choice is required for the system to review a particular ball impact, a Review Official approved by the Referee shall decide which ball impact is reviewed.
6. Each player (team) is allowed three (3) unsuccessful appeals per set, plus one (1) additional appeal in the tie-break. For matches with advantage sets, players (teams) will start again with a maximum of three (3) unsuccessful appeals at 6 games all and every 12 games thereafter. For matches with match tie-break, the match tie-break counts as a new set and each player (team) starts with three (3) appeals. Players (teams) will have an unlimited number of successful appeals.

10 AND UNDER TENNIS COMPETITION

Courts:

In addition to the (full sized) court described in Rule 1, the following court dimensions may be used for 10 and under tennis competition:

- A court, designated "Red" for the purposes of 10 and under tennis competition, shall be a rectangle, between 36 feet (10.97 m) and 42 feet (12.80 m) long, and between 14 feet (4.27 m) and 20 feet (6.10 m) wide. The net shall be between 31.5 inches (0.800 m) and 33.0 inches (0.838m) high at the center.
- A court, designated "Orange", shall be a rectangle, between 58 feet (17.68 m) and 60 feet (18.29 m) long, and between 20 feet (6.10 m) and 27 feet (8.23 m) wide. The net shall be between 31.5 inches (0.800 m) and 36.0 inches (0.914m) high at the center.

Balls:

Only the following ball types, which are specified in Appendix I, can be used in 10 and under tennis competition:

- A Stage 3 (Red) ball, which is recommended for play on a "red" court, by players aged up to 8 years, using a racket up to 23 inches (58.4 cm) long.
- A Stage 2 (Orange) ball, which is recommended for play on an "orange" court, by players aged 8 to 10 years, using a racket between 23 inches (58.4 cm) and 25 inches (63.5) cm long.
- A Stage 1 (Green) ball, which is recommended for play on a full sized court, by advanced players aged 9 to 10 years, using a racket between 25 inches (63.5 cm) and 26 inches (66.0 cm) long.

Note: Other ball types described in Appendix I cannot be used in 10 and under tennis competition.

Scoring methods:

For 10 and under tennis competition using Stage 3 (Red), Stage 2 (Orange) or Stage 1 (Green) balls, scoring methods specified in the Rules of Tennis (including those specified in Appendix V) can be utilised, in addition to short duration scoring methods involving matches of one match tie-break, best of 3 tie-breaks/match tie-breaks, one short set or one regular set.

Timed matches:

For 10 and under tennis competition the tournament committee may set a specific time period for matches in the event.

APPENDIX IX

SUGGESTIONS ON HOW TO MARK OUT A COURT

Including Blended Lines

NOTE: All court measurements shall be made to the outside of the lines.

The following procedure is for the usual combined doubles and singles court. (See note at foot for a court for one purpose only.)

First select the position of the net; a straight line 42 feet (12.80 m) long. Mark the center (X on the diagram above) and, measuring from there in each direction, mark:

at 13'6" (4.11 m) the points a, b, where the net crosses the inner sidelines,

at 16'6" (5.03 m) the positions of the singles sticks (n, n),

at 18'0" (5.48 m) the points A, B, where the net crosses the outer sidelines,

at 21'0" (6.40 m) the positions of the net posts (N, N), being the ends of the original 42'0" (12.80 m) line.

Insert pegs at A and B and attach to them the respective ends of two measuring tapes. On one, which will measure the diagonal of the half-court, take a length 53'1" (16.18 m) and on the other (to measure the sideline) a length of 39'0" (11.89 m). Pull

X. EXHIBITS

both taut so that at these distances they meet at a point C, which is one corner of the court. Reverse the measurements to find the other corner D. As a check on this operation it is advisable at this stage to verify the length of the line CD which, being the baseline, should be found to be 36'0" (10.97 m); and at the same time its center J can be marked, and also the ends of the inner sidelines (c, d), 4'6" (1.37 m) from C and D.

The center line and service line are now marked by means of the points F, H, G, which are measured 21'0" (6.40 m) from the net down the lines bc, XJ, ad, respectively.

Identical procedure the other side of the net completes the court.

If a singles court only is required, no lines are necessary outside the points a, b, c, d, but the court can be measured out as above. Alternatively, the corners of the baseline (c, d) can be found if preferred by pegging the two tapes at a and b instead of at A and B, and by then using lengths of 47'5" (14.46 m) and 39'0" (11.89 m). The net posts will be at n, n, and a 33'0" (10 m) singles net should be used.

When a combined doubles and singles court with a doubles net is used for singles, the net must be supported at the points n, n, to a height of 3 feet 6 inches (1.07 m) by means of two singles sticks, which shall be not more than 3 inches (7.5 cm) square or 3 inches (7.5 cm) in diameter. The centers of the singles sticks shall be 3 feet (.914 m) outside the singles court on each side.

To assist in the placing of these singles sticks it is desirable that the points n, n, should each be shown with a white dot when the court is marked.

When sanctioning bodies approve so called "Blended Lines" on courts the following guidelines must be followed:

Colour:

- Within the same colour family as the background playing surface.
- Lighter than the background playing surface.
- Limit on colour variation of +22 points on the L* scale
(Add <25% by volume of white paint to the background colour)

Pace:

- Within 5 CPR of the playing surface.

Dimensions:

- 1.0-1.5 cm narrower than the standard lines.

Marking:

- Terminate 8 cm from intersection with white playing lines.

Note:

As a guide for international competitions, the recommended minimum distance between the baselines and the backstops should be 21 feet (6.40 m) and between the sidelines and the sidestops the recommended minimum distance should be 12

X. EXHIBITS

feet (3.66 m).

As a guide for recreational and Club play, the recommended minimum distance between the baselines and the backstops should be 18 feet (5.48 m) and between the sidelines and the sidestops the recommended minimum distance should be 10 feet (3.05 m).

As a guide, the recommended minimum height measured at the net from the court surface to the ceiling should be 30 feet (9.14 m)..

I acknowledge that I have had the opportunity to review the TACP and that I understand, accept and agree not to violate any of the provisions therein. I acknowledge that I have a duty to inform my Related Persons (as defined in the TACP) of the provisions of the TACP and to instruct them to comply with the TACP. I accept that I must complete any Tennis Integrity education programs mandated by the ATP Tour. The TACP prohibits certain conduct by me and my Related Persons, including, but not limited to, (i) wagering on the outcome or any other aspect of any tennis match, (ii) contriving or attempting to contrive the outcome or any other aspect of any tennis match, (iii) receiving or providing consideration in exchange for Inside Information (as defined in the TACP), (iv) facilitating, encouraging or promoting any other person to wager on the outcome or any other aspect of a tennis match, (v) associating with any Related Person who is serving any period of ineligibility under the TACP or has been convicted or found in criminal, disciplinary or professional proceedings to have engaged in conduct which would have constituted a Corruption Offense if the TACP had applied to them and (vi) failing to report any knowledge I may have regarding potential violations of the TACP. EXHIBIT R - Player Medical Facility Guidelines

ATP Medical Services

Treatment Room Requirements

TREATMENT ROOM REQUIREMENTS

The tournament will provide a secure, private medical and physiotherapy treatment area. The area should be easily accessible to the locker room and match courts. The physiotherapy treatment room should have temperature controls and good ventilation along with a sink (preferably with a central tap that can be turned off without hands).

Room size

Draw size 32 = 50 square meters (approx. 540 square feet)

Draw size 48 = 60 square meters (approx. 645 square feet)

Draw size 56-64 = 70 square meters (approx. 750 square feet)

Draw size 96-128 = 100 square meters (approx. 1075 square feet)

The layout design of the training room should enable each treatment table to have a minimum area of 1 meter treatment area around at least three sides of all tables.

The treatment area is to be used by the ATP physiotherapists and a separate area for physician examinations is to be provided.

If there are two training rooms being used on site, then both training rooms must have the above spacial requirements and set up.

X. EXHIBITS

Treatment Room - Equipment

So this means, at each 250 level tournament there will be 3 adjustable treatment tables (2 high low tables with face cut-outs for the 2 ATP Physios, and 1 high low table for private physios. At 500 level tournaments there will be 4 adjustable treatment tables, and at 1000 level tournaments there will be at least 6 adjustable treatment tables. Examples of high low tables with face cut-outs are shown in the photos below.

X. EXHIBITS

A desk, table or a counter top will be supplied with enough surface area for medical supplies and computer workstation area, examples below.

One desk chair and treatment rolling stool for each ATP physiotherapist working the event. (ie at 2 ATP physios, 500's, 3 ATP Physios and 1000 level events 4-5 physios)

The treatment room will be equipped with a high-speed high-speed or wireless internet connection, with 0.6 megabit per second for uploads and 5 megabits per second for downloads at a minimum, for each ATP physiotherapist to enable use of the online medical records. This can be individual DSL/ADSL cable connections, a single ADSL line with a router and cabling to provide individual connections or a WIFI router providing adequate internet connection service to the group. This is to be provided in each training room. The tournament will be responsible for the cost of installation of the Internet connection.

The tournament will provide a printer and copier for the ATP physio to use during the tournament for medical documents.

Adequate power outlets or power boards to be supplied for operation of computers, phones, routers, hi-lo treatment tables, refrigerators, TV's, etc

X. EXHIBITS

Linen

The tournament will supply adequate towels of minimum size 60cm x 120cm (larger towels are better for players to lay on the treatment table with. For example 2 quantity 60 x 120 towels would be needed under a player as compared to only 1, 80 x 180cm sized towel). During the busy days of the tournament (qualifying Saturday to main draw Thursday) it would be usual for each physio working the event to use 50 towels per day.

Sanitation Requirements

The tournament will provide a dispensed liquid soap with paper towels in the training room for hand washing. The tournament will provide covered waste bins with pedal-control– to decrease infected waste. The training room, doctor's office and massage therapy rooms will be cleaned twice a day. This will consist of cleaning tables, chairs, equipment, and floors. Anti- bacterial wipes or spray is to be supplied for cleaning of treatment tables between treatments.

Additional Items

Ice: It is expected that at least 2 bags of ice will be used for a 32 draw size per day, 3 bags for a 48 draw and 4 bags for a 64 draw and 5 bags for a 96 draw. This does NOT include ice for making ice towels (an additional supply will be required for that). Ice bags also need to be supplied by the tournament. Durable plastic bags that do not leak are needed to assist with ice application for the players.

X. EXHIBITS

Water: Bottled still water and electrolyte drinks to be supplied for players to rehydrate while in the treatment room. All drinks must be WADA compatible and consistent with ATP requirements

Each massage therapist will require a separate massage table. They will also have a separate supply of towels (minimum 30 per day) and 30 sheets per day.

The massage therapist will have close access to proper hand washing and toilet facilities. They will have lockable cupboard, waste bins, chairs for players, and one rolling stool per massage therapist.

- RO team leader (Lead RO) should be appointed at the beginning of the event.
- RO's will work on a rotation basis, the schedule will be made by the Lead RO.
- In the case of a temporary RO in the booth the designated RO is responsible to make sure that the temporary RO is aware of all the local set up and booth procedures specific to that event.

X. EXHIBITS

EXHIBIT U.1 - Review Electronic Line Calling System (Review ELC)

A Line calling system with a challenge process (Line Umpires on-court)

Review ELC Official (RO) Protocol

- RO shall be in direct communication with the CU.
- Most desirable method is a direct talk box with a “push to talk” button. The alternative is dedicated walkie-talkie.
- If using a computer to record the challenges load proper match into it.
- On all “potential” review impacts – Make sure you listen to the CU announcement (which line and call made) – if in any doubt radio the CU to double-check. For additional information, see Review Official Protocol for a Challengeable shot
- Alert system operators to a possible Challenge by announcing “STANDBY” Confirm that a Challenge has been requested or anticipate that there will be no Challenge. “Release to television” announcement establishes the time when the video may be sent the television.
- This applies to when either the RO determines that a Challenge will not be made or cannot be made. A visual indication that the player has accepted the call and a Challenge is not likely. Circumstances when a Challenge cannot be made would include an improper Challenge (not a point-ending shot) or when the player has no Challenges remaining. Responsible for determining that the requested impact is available for review.
- RO is responsible to send the correct shot and correct line to the videoboard for the Challenge. The RO must listen to the CU announcement (which line was challenged). And double-check if the correct ball is requested. If any doubt, confirm with the CU before sending to the board.
- Once the proper impact is determined, gives the order to send to video board and television simultaneously. The On- Court Board should be sent first if 2 different inputs need to be sent.
- Responsible for monitoring the status of the system.
- If the system crashes or is not functioning, the RO must immediately notify the CU so that the players may be informed that no review is available until further notice.
- If the RO’s monitor cannot retrieve the data to review the call, then the RO shall notify the CU that the original call shall stand.
- If the RO’s monitor is working properly but it is the Main Video Board (in-stadium video) that is malfunctioning, then the RO will notify the CU of the decision via radio or other communication device. The CU should inform the players of this at the first opportunity.
- Will notify the CU when the system is back and available for review (if the RO is satisfied that the cause has been identified and corrected).
- The RO shall notify the CU at the first available time, including during a game in progress. Before returning to “live” mode:
- Ensure that the operators have performed all their protocols when returning a system to “go” status following a crash or restart of the system.
- Act as the final authority on the number of Challenges remaining for each player or team.
- Since available Challenges will be displayed on the video board, the RO is responsible for the correct number of the Challenges to be displayed (including the additional Challenges in a tie-break or re-setting after the set break). If the video board operator is changing the Challenges on cue from the CU, then only verification is needed.

X. EXHIBITS

- If a Challenged call is not available for review – this shall not count against the total of the challenging player.
- Ensure that the RO and CU communicate verbally when one player or team has only 1 and no (0) Challenges remaining.
- Ensure that communication between RO and CU regarding the number of Challenges is made in a timely manner and considering pace of the match.

Video Board

- During the warm-up, the following statement shall appear on the video board and remain visible for at least 90 seconds. This should coincide with the Announcer's introductions (if an announcer is used).

"This match will use Electronic Review as an officiating aid. Each player (team) will have three incorrect Challenges per set, plus one more in a tiebreak. Challenges must be made in a timely manner and can only be made on point-ending shots or when a player stops play. If, for any reason, Electronic Review of the call is unavailable, the original call will stand."
- There shall not be any review shown in the Stadium except for "Official Review" challenges. The RO is responsible for the correct communication with the operators.
- The in-stadium video shall not replay "live" action on any controversial or reviewed call.
- If video replays are shown between points or if the video goes live between points, the operator shall return to the scoreboard just prior to the serving player taking his position at the baseline.
- Once it is confirmed that a Challenge has been made:
 - The RO shall have direct communication with the operator of the video board and will give verbal instructions on when to show review.
 - When the RO has confirmed the impact-image is correct then the RO gives the order to send the result to board or if the RO has control of the board then sends the result personally. When sending Challenge to the board, make sure to check that what is displayed on the stadium scoreboard is the same (same line) that was confirmed with the operator and was challenged.
 - Video shows the tracking of the ball into and out of the impact area, and then the view angle is moved to show the impact mark. The "flyover" mode is used to slow the process down "to build the moment".
- Graphic includes "Official Review".
- Graphic at bottom of the screen shows "IN" or "OUT". The "in" / "out" will not appear until after the overhead zoom to enhance the drama of the video. Television will receive the exact same feed as the video board with the graphic **"OFFICIAL REVIEW"** and showing **"IN"** or **"OUT"**.
- If review is not available, the RO shall notify the CU and then while the CU is informing the players, the graphic "Review Not Available - Original Call Stands" shall be sent to the video board. Reviews not available shall not count against the challenging players' total.
 - The graphic is held until the players have reached the baselines preparing to play, at which time the board returns to the main scoreboard view.
 - The video board(s), scoreboard(s) or other location(s) must always show number of remaining Challenges for each player. This information must be part of the scoreboard build.

X. EXHIBITS

Announcing

Chair Umpire

When a Challenge is made:

- The Player shall clearly express their desire to have the call reviewed by stating, “I Challenge”. If the CU is not 100% sure that the Player is Challenging, then the CU shall confirm with the Player prior to announcing the Challenge request. When the CU is satisfied that a proper Challenge request has been made, then:
 - o CU shall announce over the microphone “Mr./Ms. _____ is Challenging the call on the Base Line (give specific line) the ball was called IN/OUT”.
- After the review, CU should announce “The call stands, or the call is overturned. Then announce the score if point is awarded or replay the point and then repeat the previous score. Depending on the timing, try to also announce “Mr./Ms. X has X Challenges remaining” when there is a reduction.
- If the review is not available, simply say (after informing the players) “Review is unavailable; the original call of IN/OUT stands. No Challenge is charged to Mr./Ms. _____.”
- In the case where the line umpire is unsighted and the CU cannot make the call, if the umpire asks for a review then he shall inform the crowd of this procedure by stating, “line umpire was unsighted – the call shall be reviewed”.
- Announce the additional Challenges available at the start of each tiebreak.
- After announcing 6-games all – tie-break, announce “Both players/teams receive one additional Challenge.”
- If there are no in-Stadium Video Boards or if there is a malfunction and they are not available for use, then the CU shall use the following procedures:
 - o The RO will communicate the result of the Challenge to the CU via the radio, using the following wording: “Call Challenged by [name of player] on the [name of the line]: the ball is IN/OUT”.
 - o The CU will acknowledge the good reception of the information by immediately answering the RO using the following wording: “The result of the challenged call on the [name of the line] is IN/OUT”.
 - o If the review is not available, simply say (after informing the players) “Review is unavailable; the call (in/out) stands”.
- In the event the video screen shows the mark OUT and the “IN/OUT” text graphic shows IN or the video screen shows the mark IN and the “IN/OUT” text graphic shows OUT, the protocol is as follows:
 - o The mark determines IN / OUT not the text graphic.
 - o The CU should communicate with the RO to ensure that is correct.
 - o The corrected text graphic should be displayed on the big screen, so players, officials and spectators see the corrected mistake.

Additional REVIEW ELC procedures Specifically for Hawk Eye

- The RO will instruct the Hawkeye Operator that when the command “Stand By” is given, the operator will immediately say if the ball is “in” or “out” and give the measurement.
- Confirm specifically with the VR Operator that:
 - o The system is set for the appropriate event (singles or doubles)
- During warm-up, view at least one (1) test review.
- At 1 min. announcement, confirm with the System Operator and the VR Operator that all systems are good to go.

X. EXHIBITS

- In doubles, when the score reaches “Deuce” – deciding point, tell the Hawkeye Operator if the receiver will be from the “Deuce” or “Advantage” side.
- Before sending the Challenge to the video board double-check that the distance and the decision “IN” or “OUT” given by the Hawk eye operator is corresponding with the image on the RO screen (serve, rally, singles, doubles etc.)

Additional REVIEW ELC Procedures Specifically for FoxTenn

In general, the role of the RO when working with FoxTenn is the same but there are some differences, which are going to be mentioned here.

Pre-match:

- Check with the Operator that they have calibrated the lines for the appropriate event – singles or doubles.
- During the warmup look at one image of the ball to make sure the system is ready.
- **When the match starts:**
- When giving “Standby”, the RO must also give the exact line. So, for example: “Standby –left near sideline”.
- For FoxTenn it’s very important to give the “Standby” as soon as possible because they must capture the image immediately to avoid long delays. So, the RO should be giving more “Standby” commands. Give the “Standby” every time if there is any chance there will be a Challenge.
- When the Challenge is made the RO will be looking at the live image and needs to confirm the bounce on the live image. There will be no numbers on the screen, so it’s **IMPERATIVE** that the RO watch the match all the time to know which bounce it is.
- When the VR operator says “ready”, the RO should have graphic image of the mark on the RO’s screen with the decision “in” or “out” written. Then the RO can send the Challenge to the video board.
- When the Challenge is shown on the video board there are two images shown: the live image of the ball and graphic image of the mark with the decision “in” or “out”. There may be instances when only one of those two images will be shown.
- Do not “Release” the Challenge too early. It’s better to hold it longer, until the RO is 100% sure there will be no Challenge, or the next point is about to start. If the RO has a Challenge after it was released, it will cause a longer delay.
- There will be no distances given from FoxTenn, only “in” or “out”.
- As FoxTenn operates differently than Hawkeye, there is no option to look at some of the close balls from the points played, so, do not ask for that.
- **IMPORTANT** to remember **LANGUAGE** to use:
 - **STAND BY** and the line (ex. **STAND BY LEFT BASE**)
 - **WORK ON IT** (when it’s not sure if the ball will be Challenged)
- The CU’s chair is shown in a different position based on which camera is in use, but the **ORIENTATION POINT IS ALWAYS** the CU’s chair, so, left base will always be left base in relation to the CU’s chair, regardless of what side of the screen the chair is located at that particular Challenge.

Additional REVIEW ELC Procedures Specifically for FlightScope

At the beginning of the match Remember to check the

1. INITIAL SCREEN

- To ensure the correct match is loaded
- To ensure the player names are at the correct side of the court (after the coin toss)

X. EXHIBITS

- To ensure the number of Challenges for each player is correct.
 - When there is a Challenge press the button **START CHALLENGE**.
2. When the RO presses **START CHALLENGE** the RO will see (**WAITING FOR DATA**)
 - If **DATA is displayed** go to point 3,
 - if **DATA NOT AVAILABLE is displayed**, go to Point 8
 3. If **DATA** is received the RO will have to **choose the ball**, which the RO can do in 2 ways:
 - Press the dot with the number on the court (after the dot is pressed it will become red), or
 - Press the number at the bottom of the screen (yellow balls above “**CHOOSE BALL**” writing)
 4. After choosing the ball, the RO needs to double-check if the RO has chosen the correct ball and **CONFIRM BALL**
 5. Next step is to **confirm/change the area** (darker grey color) to the correct area
 - If it is a serve, then one of the service boxes should be in darker color – if it's incorrect, touch the screen to change the box
 - If it is a rally, the whole half of the court (singles/doubles) should be in a darker color.
 6. When the RO confirms the area, the RO will see the screen with the information: “**WAITING FOR RESULT**” if **NO SHOTS WERE RECEIVED** go to point 8.
 7. After the RO receives the result the RO will have to **PREVIEW the Challenge** – if everything is good and correct, press: **START ANIMATION** (system won't let the RO send the Challenge to the board before the RO previews the Challenge)
 8. At point 2 or 6 the RO might receive the screen with the information “**NO DATA RECEIVED**” or “**NO SHOTS WERE RECEIVED**”
 - If “**NO SHOTS WERE RECEIVED**”, the procedure is to ask the operator: “**Do you have it?**”
 - o **YES** –the operator will input the rally from their computer to the tablet or
 - o **NEED MORE TIME** – the operator will look for the rally and input it to the tablet or
 - In both cases the RO needs to go back to the original procedure – **DATA available Point 2/ SHOT available Point 7)**
 - **NO – ORIGINAL CALL STANDS** (the RO presses the red button located under match time in the right top corner), see below

IMPORTANT INFORMATION:

1. Any time that the RO presses the button **START CHALLENGE** the system is **LOCKED** and is not recording anything further, the RO has buttons that can be used in case a Challenge is not happening or has been cancelled:
 - If “**WAITING FOR DATA**” or “**WAITING FOR RESULT**” press **DISMISS**
 - In any other case press **RELEASE** (located in the bottom right corner)

NOTE: It is **very important** to **DISMISS/RELEASE** as soon as it is known that there won't be a Challenge to have the system fully functioning.

X. EXHIBITS

2. Another button that the RO can see is **BACK** – it can be used to go one step back at the time.
3. In point 7 the RO sees the button **REPLAY** – which can be used to replay the preview of the Challenge as many times as needed before the RO **START ANIMATION**.
4. In point 3-5 two buttons can be seen - **PREVIOUS** and **NEXT** – this is the option to see all the bounces (long rally) as on the RO's screen when the RO presses **START CHALLENGE** the RO will see the last 5 bounces – **It is strongly recommended NOT TO USE these buttons** unless necessary (there should be no reason to allow the Challenge of the ball that is 5 shots or more back).

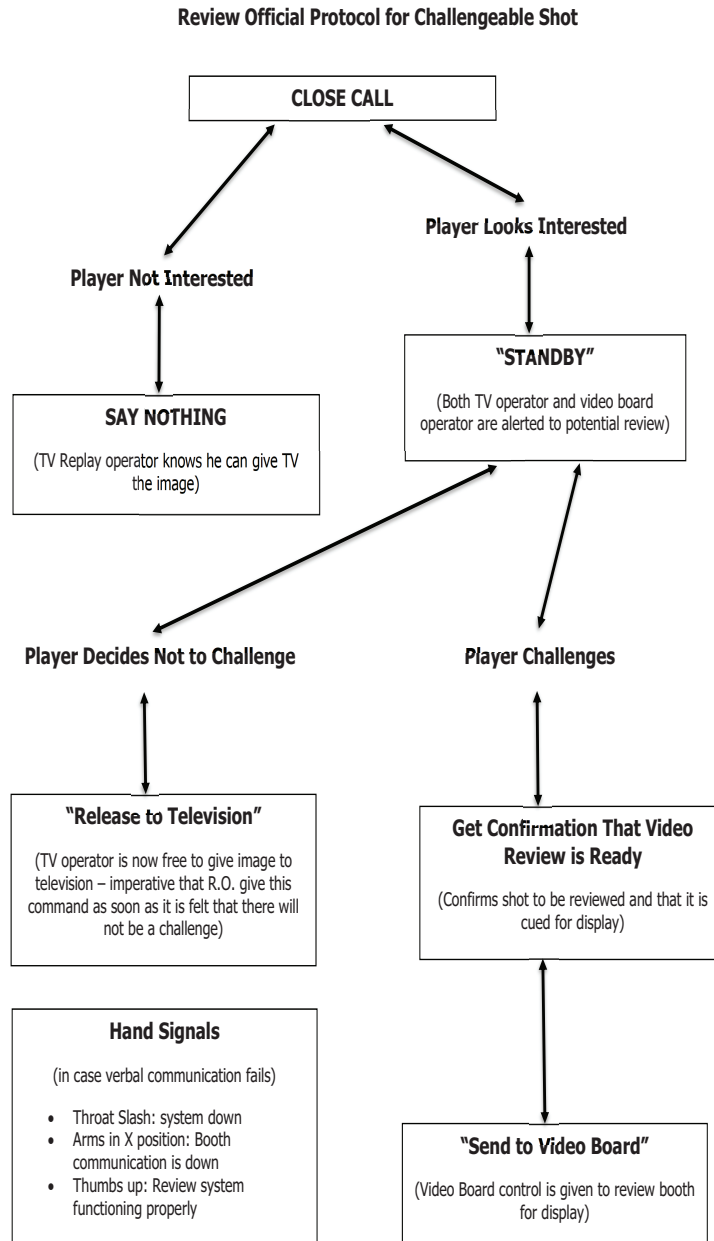

This system is provided by FlightScope, who at some events is also providing other services (e.g. Scoreboards).

At some events whenever the RO presses **START ANIMATION** it will go directly to the scoreboard and will automatically go off-board when the animation is finished (the RO will have the option to press the button **OFF BOARD**-located in the bottom left corner-earlier if needed).

If FlightScope is not operating the scoreboards there will be an extra step when the RO releases it, the Challenge will be sent to the vendor who will be responsible to send to the board.

EXHIBIT U.2 - Live Electronic Line Calling System (LIVE ELC)

A line calling system making automated line calls with no Line Umpires on-court.

LIVE ELC Review Official Procedures and Protocols

The players do not have any challenges when using the LIVE ELC and therefore the RO duties are different than when using the REVIEW ELC system.

Review Booth Procedures

- Prior to the first match of the day, confirm with the System operators that all sound and system checks have been completed, if not please request a sound and system check.
 - Communication to the CU should be limited to essential communication as live microphones are on court.
 - Confirm that close calls have been tested and sent to the board.
Note: The RO should not do sound checks or close call checks to the board upon arrival in the booth other than prior to the first match. This will disturb the production of the event and could be heard on television broadcast which should be avoided. If any issue, it is always suggested to do an extra check if possible.
 - Confirm specifically the system is:
 - o Set for the right event **singles/doubles**. If singles confirm regular scoring is activated. If doubles confirm no-ad scoring is activated.
 - o At 1 min in the warmup confirm system is armed and ready to go.
 - Perform a radio test with the CU during the warm-up to make sure the CU's radio is on and to find out who is serving first.
 - o Inform the Operator who is serving first and from which end of the court.
 - The RO has a monitor that will show 3 camera angles. The camera should be set to watch the server and it is the responsibility of the RO to call foot faults if they occur.
 - o Foot fault cameras are available for center serve and the base line on both ends. To toggle between each end, use the F1 and F2 keys on the keyboard. The CU is responsible for calling sideline foot faults.
 - o If a foot fault occurs press the foot fault button making sure to wait until the player has struck the ball. This will make an audible "foot fault" call over the speakers.
 - If any foot fault camera becomes inoperable either by loss of video or it is knocked the RO should inform the operating staff so they can send someone down to fix it. If the RO can still call foot faults using the other cameras they should continue to do so. If ALL cameras lose video or the foot fault camera PC crashes, the RO should communicate this with the CU and inform them they will need to call foot faults from the chair until the cameras are operational again. Once cameras resume operation, inform the CU that the RO can start calling foot faults again.
 - Close calls will be shown on the board in one of two ways depending on system set up. Automatically or Manually.
 - o **Automatic System:** Automatic replays of close calls will be shown on the video boards (if video boards are available). These replays will be on **point-ending non-service shots** that are in or out by 150mm or less. The replays will be of **point-ending service shots** that are in or out by 50mm or less.
- Note:** Close calls between first and second serves that can disturb play should be cancelled from going to board by the RO using the cancel button.

X. EXHIBITS

- o **Manual System:** The system works the same as above except the close calls do not go automatically to the board. The RO is responsible for sending close calls to the board and taking them off again. Normally this is done simply with the press of a button.

Note: Close calls between first and second serves **that can disturb play** should not be sent to the board by the RO.

- If a player wants to see a replay of a shot outside of this range (150mm & 50mm) the CU should announce "Mr./Mrs. (players name) is requesting the replay of the call on the (line)" to alert the RO and the operator. Play must not continue until the replay has been shown on the board.
- If it is suspected that the LIVE ELC System malfunctioned or failed to decide on a call this call may be made by the CU. This protocol will only apply on point ending shots or when a player stops play.
- The CU should communicate with the RO to confirm if the system was able to decide.
- If the RO can confirm the ball is "in" or "out" then the CU should acknowledge the result and inform the players.
- If the system is not available and the CU is unable to make a call, the point should be replayed.
- There is sometimes a slight delay on the "out" call. This can in some situations create confusion and if this happens the CU might contact the RO. The RO should confirm the outcome of the call.
- If play continues after the Electronic Line Calling Live System has determined a ball is out, the RO should deploy the Stop Play Protocol from the booth by pressing the stop play button triggering an audible "Stop, Stop" announcement on court. The RO should communicate the explanation of the out call to the CU and the CU should inform the players of the decision by the system.

Note: This can happen for a number of reasons, players and CU did not hear the audio out call, the audio out call failed, the operator has stopped the point too early effectively disarming the system so there is no audio call.

- The RO has the **responsibility** of making sure that the correct service box is selected by the operator at the start of every point. A view of the court should be visible on the ROs screen with a highlighted service box. The highlighted service box indicates the "active" box to which the system shall decide if the serve is in or out. On any match where the "no-ad" scoring system is being used when the score reaches "deuce" the RO should inform the operator if they will be serving to the **deuce** or **advantage** court.
 - o If the RO sees, for any reason, that the wrong box is highlighted before the start of the point, they should immediately tell the operator to change to the correct box before the serve is hit.

Note: It is very important to always keep a close eye on the service box selection by the operator especially if anything odd or unusual happens during the point. Let 1st serves, let 2nd serves, let replay the point, touch, are just a few unusual situations where the operator may not be aware of what has happened and may have the incorrect score and therefore the incorrect service box highlighted.

- On "let" serves repeat "let 1st' serve" or "let 2nd serve" to ensure the operator knows whether it is a 1st serve or 2nd serve.
- If there is a malfunction of the LIVE ELC System and it is not functional the match must be **stopped**. The RO should contact the CU immediately and inform the CU that the system is not operational. The supervisor/referee should also be contacted.

X. EXHIBITS

- o The RO should keep in radio contact with the CU and supervisor/referee and inform them on how long it is expected before the system is again operational.
- o The supervisor/referee will then decide on how/when/where the match will resume again.
- o If it is deemed the system will be operational in a short reasonable time the players will wait on court and resume play when the system is available.
- o If it is deemed the system will not be available in a reasonable time, the supervisor/referee will decide on another option. These could include suspending the match, moving the match to another court, using line umpires (if available), postponing the match or continuing the match without the system and the CU calling **ALL** the lines.
- o The RO should note the time of the match and the score when the system became unavailable and also the time when the system became available again. The Lead RO should then be informed of this either at the end of the shift or between matches.
- The RO should record the time and the score of any system malfunctions or unusual situations with the LIVE ELC System and report them to the Lead RO after their shift or between matches.
- If the LIVE ELC System is operational but the audio speakers around the court fail the match should not be stopped. The CU must use the LED lights (green and red) on the chair to determine if the ball is “in” or “out” and must call audibly by themselves.

EXHIBIT V - Anti-Doping Testing Facilities Guidelines

Doping Control Station

The Doping Control Station must be a dedicated facility for the exclusive use of the Doping Control team for the duration of the event.

Location: near the locker room (but not with direct access).

Accommodation: a minimum of two (and preferably three) connected areas or rooms: a Sample Collection Room and a Waiting Room at a minimum, plus an Administration Room if possible, all of which should be air-conditioned or well ventilated. The Sample Collection Room should be directly connected to a toilet (for the sole use of Doping Control).

Security: If free-standing, a security guard should be posted to restrict admission to those with appropriate credentials. It must be lockable, with access restricted to the Doping Control team. The Doping Control Officer must be given charge of all keys to all rooms for the duration of testing.

Hygiene: The Doping Control Station should be cleaned every day at a time agreed with the Doping Control Officer.

EXHIBIT W - Retractable Roof Policy

Whenever practical, playing conditions on the center court will remain the same as on all other courts.

In the event rain is falling prior to the scheduled starting time of the match, the roof will remain closed for the duration of that match.

If the rain stops and the forecast is good, the roof may be opened after the match in progress is completed. Decisions on re-opening the roof will be made on a match-by-match basis depending upon current conditions and the forecast.

If play commences with the roof open, a decision to close the roof will normally be made after play has stopped because of rain, although if other factors warrant the roof to be closed prior to this, the Supervisor will make that decision.

The roof will not normally be closed because of the threat of rain.

In the event high winds, sufficient to harm the retractable roof, are forecast with reasonable certainty, the roof may be closed prior to the start of the match. The reverse is applicable when the roof is closed and high winds or other conditions necessitate, for safety reasons, that the roof be opened.

In the event that the temperature is below 50F / 10C prior to the start of a match, in order to enhance the fan experience, the roof may be closed as directed by the Supervisor. Decisions on whether to close the roof for cold will be made on a match-by-match basis.

In some instances, the roof must be partially closed for the lights to function properly. In this case, the roof must be partially closed prior to the start of the match.

The ATP Supervisor shall be the final authority on all decisions regarding the

EXHIBIT X - Writing Table For Umpire Chairs

In an effort to provide a comfortable platform for the Chair Umpires to place their hardware such as tablet, walkie-talkie, net device handset, it is requested that all tournaments attach a writing table according to the instructions below to the Chair Umpire's chairs on all match courts.

This simple and low cost upgrade will contribute tremendously to reduce scoring errors caused by data being accidentally entered as a result of the umpire holding the tablet in their hand and ease the process of entering data in the tablet.

When setting up the writing tables, please make a note of the following:

- Attach the writing table to the right side armrest. If there is a microphone attached to the chair, the microphone must be installed on the left side of the chair so as not to interfere with the writing platform on the right side armrest.
- Ensure that the writing table is installed with the slender end at the back of the armrest. The design is made considering most armrests are 20 inches (50.8 cm) long and 3 inches (7.62 cm) wide. This design calls for the overall dimension of 32 inches (81.28 cm) which leaves a full 12 inches (30.48 cm) of space in front of the umpire for the various equipment.
- A standard wood product could be used. For example, in the USA a 1 x 12 could be used and just cut to length and ripped for the 9 x 20 piece that is taken out. The actual dimension of a 1 x 12 is 11 ½ inches wide by ¾ inches thick. A comparable product could also be used in countries using the metric standard.

EXHIBIT Y - Premier Player Protocol

Premier Player Group. Players ranked as a year-end top 30 player (commitment players) or have a current protected ranking within the top 10 are eligible to be selected in the premier player group for purposes of fulfilling the restriction on who is eligible to be named as an additional Wild Card at an ATP Tour 500 event. The size of the premier player group shall be six (6) players plus two (2) alternates selected as follows:

Six (6) players shall be selected as "regional" premier players (A+) by each of the three (3) regions (Americas, European and International). Each region shall also designate two (2) alternates as A1 and A2. The regional EVP'S shall solicit input from their respective events to determine the six (6) regional selections, plus alternates. These six (6) players and the two (2) alternates shall be presented to the Board at the final Board meeting of the previous year for approval.

In the event that an A+ player becomes injured or otherwise is not able to compete for an extended period of time, as specified below, he will be replaced by the A1 player designated by the region.

The same procedure will be followed in the event that a second player needs to be replaced as determined below.

If additional A+ players are required and the designated A1 and A2 players have already been promoted or are otherwise not available, then the A+ replacement player will be the next highest ranked player on the most current Pepperstone ATP Rankings.

Replacement protocol. The replacement of a Premier Player will automatically occur when any of the following apply:

- 1) A Premier Player has withdrawn / retired from an event due to illness or injury and has been out of competition for sixty (60) days; or
- 2) A Premier Player has announced that due to illness / injury or other reasons he will be out of competition for a period of at least sixty (60) days; or
- 3) A Premier Player announces his retirement; in this case he is replaced immediately following his last event.

Note: The count shall begin on the withdrawal deadline date; the date of the retirement; the date of the late withdrawal; or the date of the on-site withdrawal, whichever was chronologically first.

A player must not compete in any other tennis event during those periods.

If the replaced player returns to competition during the season, he shall be reinstated as a premier A+ player upon the start of his first match (singles or doubles) in his first ATP Tour event.
